

AUBURN UNIVERSITY

COLLEGE OF SCIENCES
AND MATHEMATICS

OFFICE OF DIVERSITY AND
MULTICULTURAL AFFAIRS

January 22, 2013

Dear AU Freshman,

Congratulations! We are truly glad that you have been admitted to Auburn University and have decided to pursue a course of study in the sciences, mathematics or a pre-health curriculum in the College of Sciences and Mathematics (COSAM). We look forward with great anticipation to meeting you and providing assistance as you become part of our special family.

As a new member of the COSAM family, we invite you to apply to our highly successful science and mathematics Summer Bridge Program for highly motivated incoming minority freshmen. This four-week residential program is designed for COSAM pre-freshmen planning to major in the Physical Sciences, Life Sciences, and Mathematics or enroll in Pre-Professional Programs in Dentistry, Medicine, Optometry, Pharmacy, Physical Therapy, and Veterinary Medicine. A major goal of Summer Bridge is to make your transition from high school to the Auburn University community as seamless as possible. This program is at no charge to selected participants.

The 2013 summer program will begin on Sunday, June 2, 2013 and end on Thursday, June 27, 2013. Enclosed are the application and checklist. The deadline for receipt of the complete application packet is March 15, 2013. Successful applicants will be notified by April 15, 2013. In the past years, the applicant pool for the 25-30 slots was highly competitive. Therefore, it is imperative that you adhere to the deadlines, give serious attention to your essay and exercise care in selecting individuals submitting letters of recommendation. Finally, if you plan to visit Auburn University in the near future, we would love for you to visit us in Room 235, Science Center Classrooms Building so that we will have an opportunity to meet you and your family.

For more information about our program please visit our website at www.auburn.edu/cosam/diversity/summerbridge . If you have additional questions, feel free to contact us at (334) 844-4663. We look forward to hearing from you. WAR EAGLE!!!

Sincerely yours,

Bianca D. Evans, M.S.
