**Immerse yourself into the natural wonders of Scotland.**

Explore the center of Scottish culture as you walk in the steps of James Hutton in the beautiful city of Edinburgh and the Scottish countryside. You will spend two weeks learning about the history, geology, and culture of this land with excursions in and around Edinburgh, the Inner Hebrides, and along the coast of the northwest Scottish Highlands. No trip to Scotland would be complete without a visit to the Great Glen Fault and its mesmerizing Loch Ness. With field excursions daily in all the above mentioned locations, you’ll enjoy a true Scottish experience.

**COURSES**

**GEOL 4930-GeoVenture**
This course is designed for non-science majors with a focus on the following:
- Scientific Reasoning
- Open Topics Tailored to Specific Interests
- Scientific Observation/Note Taking
- Enhance Communication/Presentation Skills
- Improve GeoScience Knowledge
- Develop Collaborative Peer Learning Experiences
- History and Culture of Scotland

**GEOL 4300-Geodynamics**
This course is designed for junior-senior level geology majors with a focus on the following:
- Geophysical Interpretation
- Tectonic History of Scotland
- Relating the Tectonic Evolution of Scotland to that of the Appalachian Mountains.
- Field Studies on Earth’s Dynamics
- Enhance Communication/Presentation Skills

**GEOL 4930-Directed Study**
This course is designed for geology majors in all grade levels with a focus on the following:
- Structure/Tectonics
- Geomorphology
- Geochronology
- Igneous Petrology
- Open Topics Tailored to Specific Interests

**PROGRAM SPECIFICS**

**TERM/PERIOD**
Summer
July 6th – July 21, 2015

**GPA REQUIREMENT**
2.25 Undergraduate
3.0 Graduate

**COST**
Billed through AU Student Account (Bursar): $1,395
