other readings as assigned

Course Description: This course prepares students to identify, plan, coordinate, and provide individualized supports and services needed by people with disabilities (and their employers) to assure long-term job retention and career opportunities.

Course Objectives:

- Identify ways to improve project planning and implementation.
- Demonstrate job coaching techniques and various work supports.
- Describe person-centered planning, supported living, and family issues relating to job retention.
- Design ways to effectively use interventions and natural supports.
- Identify principles of systematic instruction.
- Conduct job analysis, assess job culture, and make recommendations regarding accommodations.
- Understand appropriate job matching.
- Describe effective ways of consulting with employers.
- Work effectively within teams.
