

Graduate Student Council Survey

This survey was designed to determine the medical needs of graduate students at Auburn University. The Auburn University Graduate Student Council is trying to determine the current medical insurance status of Auburn Graduate students, effectiveness of their policy, and any needs not covered by their policy. We are currently petitioning the university to subsidize medical insurance for graduate students on assistantships. This survey is confidential and voluntary. Any extra comments you have concerning medical insurance or any other needs are greatly appreciated. Thank you for your participation.

Please copy and paste to Melissa Brooks or Matthew Binney at brookmg@auburn.edu or binnemw@auburn.edu.

Please check:

1. Marital status

Single Married Number of Dependents
