

WE WANT TO KNOW MORE ABOUT YOU

This additional information is required for all freshman applicants and will assist the Admissions Office in your admission evaluation. While the primary factors in any admission decision are academic (high school coursework, grade point average and standardized test scores), the Admissions Office will consider other factors that contribute to your success.

1. List academic awards and honors that you have received (include leadership positions held).

2. List organizations and activities in which you have participated that are of a non-academic nature (include leadership positions held, extracurricular activities, athletics, community service activities and work experience).

3. In the space provided, describe any unique circumstances that should be taken into consideration in review of your application (i.e. overcoming personal adversity, first in your family to attend college, financial challenges, etc.).

4. In the space provided, please explain why you believe that your unique cultural, educational and life experiences will enhance the educational experience of the freshman class at Auburn.
