

Safety in the research laboratories of the Auburn Department of Chemistry and Biochemistry

In emergency, **dial 911** from any phone.

For all lab accidents, notify the Department Chairman and members of the Departmental Safety Committee immediately.

Departmental Safety Committee: Professors Stanbury, Cammarata, & Mills.

Contact the Auburn Department of Risk Management and Safety regarding any questions. For more information, see www.auburn.edu/administration/rms/ Margaret Smith in that Department has oversight over laboratory safety.

Risk Management has a Laboratory Safety Manual, which establishes rules. See www.auburn.edu/administration/rms/pdf/lsm-chp.pdf

Disposal of hazardous waste: rules and procedures are described in the Laboratory Safety Manual; a full description is given in the "Chemical Waste Management Guide": www.auburn.edu/administration/rms/pdf/hazwaste-guide.pdf
