

AUBURN UNIVERSITY

COLLEGE OF SCIENCES AND MATHEMATICS

OFFICE OF SCIENCE AND MATH OUTREACH

May 12, 2009

Dear Parent(s),

The Auburn University College of Sciences and Mathematics welcomes your child to the 2009 Summer Y.E.S. youth camp science experience! If your child has participated in Summer Y.E.S. camps before then you are well aware of the fun and learning that will take place this summer on the AU campus. If this is the first time your child will participate in Summer Y.E.S. camp, we look forward to meeting your child and are excited you have chosen to send your child to one of [The Ultimate Guide to Summer Opportunities for Teens Top 200](#) summer camps nationwide! We have been preparing for months to make this summer great and are looking forward to an exciting camp season!

Enclosed you will find camp details, code of conduct, campus map, lunch menu, pick up pass, camp receipt, and a Medical Consent form. Be sure to read over all information and send in the Medical Consent form no later than July 1, 2009. Another mail-out containing camper course assignments will arrive within two weeks of camp. Any updates to this information will be placed on our website, www.auburn.edu/cosam/outreach.

Children will have adult supervision during the entire camp experience. All camp counselors are undergraduate or graduate students in the sciences who have experience interacting with K-12 students and have undergone a federal background check. In addition, all activities will be supervised by AU Science and Math Outreach employees.

We take pride in all of our outreach programs and want to ensure that we have done everything in our power to make Summer Y.E.S. a fun and enriching experience for your child. If you have any questions, please do not hesitate to contact us! Again, we look forward to making your child's Summer Y.E.S. experience the absolute best!

War Eagle!
