As part of a *special* program at Auburn University, your minor child or ward is scheduled to be a guest of the facility during the period of **July 13, 2009- July 16, 2009**. Please read the accompanying information about the program in which your child or ward will be participating.

Emergencies may arise through unanticipated causes such as highway accidents, slip-and-fall accidents, and the like. Since time and/or distance can make it difficult to contact you for consent to medical care and treatment in an emergency, it will be necessary for you to give permission to authorize such care or treatment without first contacting you. If medical care or treatment for conditions less than an emergency is indicated, efforts will be made to contact you before such care or treatment.

Auburn University has access to several excellent health care facilities, including an on-campus student medical clinic (334-844-4416) and a full-service emergency hospital – East Alabama Medical Center (334-749-3411) - less than 5 miles from campus.

I, (parent) _____ am the parent or legal guardian of
(child) _____, a minor. I hereby authorize and consent to medical and surgical care and treatment for the minor named above in any circumstance which, in the judgment of the health care provider or its agents and employees, requires such care or treatment.
