

Welcome Back!

In this issue...

- ◆ Welcome Back!
- ◆ Meeting Schedule
- ◆ PCAT Dates
- ◆ Upcoming Events

Dear Pre-Pharmacy Club, would like to extend a warm welcome to all our new members as well as our returning members. The primary purpose of this organization is to help pre-pharmacy students become competitive applicants to pharmacy schools, to promote the profession of pharmacy, to provide service to the Auburn community, and to cultivate friendship and cooperation among its members. I am anticipating a wonderful year filled not only with our regular monthly meetings, but special activities and events such as Habitat for Humanity, Into the Streets, IMPACT, Toys for Tots, and the St. Jude Miracle Mile just to name a few. All current students of Auburn University are eligible and invited to apply for membership. If you are new to the club and interested in joining, just fill out an application either here at our meeting or obtain one online at our website:

http://www.auburn.edu/academic/science_math/cosam/pre_pharm/index.html and return it along with your dues to Mrs. Rebecca Thomas in the College of Science and Mathematics. I look forward to working with each and every one of you this year.

War Eagle!

LaShunda Wilder, PPC President
