

DAMES

Daughters and Mothers Exploring Science

Sponsored by the Society of Women in Sciences and Mathematics

DAMES is an initiative of the Society of Women in Sciences and Mathematics (SWSM), based in the College of Sciences and Mathematics at Auburn University. SWSM is a society of professional women scientists and mathematicians from industry, government, higher education, and K-12 education, who aim to inspire and encourage young women to pursue career paths in sciences and mathematics.

When: Saturday, November 14th, 2009 (8:00am - 2:00pm)

Who: Girls currently in grades 6-8 and their mothers, or a friend

Where: Auburn University Campus- Science Center Complex

What: A great day of science activities designed just for girls!

Cost: \$10.00 per girl (mothers are free!)

(includes materials, snack break, lunch, special conference tote bag, and lots of fun door prizes!)

Schedule: 8:00am - 8:30am Check-in (pre-registration required)

8:30am - 11:45am Your choice of three special science activities

12:00pm - 2:00pm Lunch and Keynote Speaker

During lunch, we will discuss the topic "How will I know what classes to take in high school?" followed by career advice from a successful female scientist!

Registration Process

Seating is limited and a completed registration form is required to participate. You will receive an email confirmation of registration within one week of registering. In addition, information packets with more details about parking, final schedule, etc., will be e-mailed in mid-October. A variety of courses will be offered during the morning session. Course offerings and descriptions will be included in the information packets.
