NRA TAX SPECIALIST COMMENTS	
WHICH OF ABOVE FORMS ARE REQUIRED AND WILL THE PAYMENT BE TAXABLE? (To be completed by NRA Tax Specialist)	

GENERAL INFORMATION

- Lawful Permanent Residents (Greencard holders) are treated like US Citizens for tax purposes. If our guest is a LPR then you will only need to get a copy of the lawful permanent resident card to attach to the voucher.
- The payment request form must be completed and sent to the NRA tax specialist before the department makes an assurance to pay.
- This form may be faxed, e-mailed or put in campus mail.
- The NRA tax specialist will review the payment request and return the form to the department advising what forms will be needed as well as any federal tax withholding required.
- The voucher (including PPS required back-up) along with the payment request form/required forms must be sent to the NRA Tax Specialist 212 Ingram Hall. The NRA Tax Specialist will process the voucher and then send it to PPS for payment processing.
- New vendors must still register.
- Payments and/or reimbursements to Non- US Citizens/foreign companies fall under a different set of tax laws and withholding requirements than those that apply to US Citizens and US companies. **Generally, they are subject to 30% federal tax withholding, unless an exception applies.**
- Federal immigration law restricts what types of services and payments an individual may perform and receive. When inviting an individual (either from outside or inside the US) that is not a US Citizen, it is extremely important to know beforehand what immigration status our guest plans to enter the US in; or as in the case of someone who is already in the US what status they are currently in. This way the department will be informed what services they are allowed to provide and what types of payments they are legally allowed to receive.
- No per-diem may be paid to our guests, only actual reimbursements.
- Payments to foreign companies for tangible goods (**not including software**) are not subject to these guidelines.
- Actual expense reimbursement to individuals for a job interview (**not GRA/GTA jobs**) is not subject to these guidelines.
