Introduction

The Harrison School of Pharmacy Mobile campus (“HSOP Mobile”) allows the Harrison School of Pharmacy to admit an additional 24 students per year in the Mobile, Alabama area. Located on the campus of the University of South Alabama, the HSOP Mobile campus provides facilities and services that are virtually identical to those on the Auburn campus in terms of team rooms, furnishings, lecture halls, and technology. The curriculum received by students-pharmacists on both the main Auburn campus and the Mobile campus are identical. Students enrolled in the program in Mobile are Auburn University students and compete for admission with all other applicants, participate in the same student organizations, are eligible for the same scholarships, grants and loans, and pay Auburn tuition. HSOP Mobile graduates will receive a diploma from Auburn which will denote that their work was completed on the Mobile campus.

This report has been prepared by the Auburn University Department of Campus Safety & Security and the Auburn University Department of Risk Management & Safety in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Clery Act). It includes important information regarding policies on campus safety and related issues, such as crime reporting; emergency procedures and notification; alcohol and drug use; weapons; sexual violence and relationship violence; fire safety in on-campus residential facilities; and other safety and security topics. The report also includes crime statistics for the previous three calendar years covering crimes reported to have occurred within the university’s Clery geography (on campus; in certain off-campus buildings and property owned or controlled by the university and used by students; and on public property within or immediately adjacent to and accessible from the campus) and fire statistics for the previous three calendar years covering fires occurring in on-campus residential facilities.

Campus crime, arrest and referral statistics contained in this report include those reported to the City of Auburn Police Division, other law enforcement agencies, the Auburn University Department of Campus Safety & Security, and designated “campus security authorities” as defined under the Clery Act (including, but not limited to Residence Life, Student Conduct, Athletics, and the Title IX Coordinator), and are compiled by the Auburn University Department of Campus Safety & Security. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. Statistics are provided for crimes specified under the Clery Act as referenced in the Crime Statistics section of this report. This report is published by October 1 each year and is available by selecting the appropriate link at www.auburn.edu/campussafety. Hard copies may be obtained at the Auburn University Department of Campus Safety & Security located at 543 West Magnolia Avenue, Auburn. In addition to this report, a daily crime log and fire log are maintained, which are available for review at this location. The logs are also available online at www.auburn.edu/safety.

In addition to this report, a daily crime log is maintained, which is available for review at 543 West Magnolia Avenue, Auburn. Crimes occurring at the HSOP Mobile campus are included in the Auburn University main campus crime log because Auburn University does not provide security personnel at this location. The log is also available online on the Campus Safety & Security Web site at <http://www.auburn.edu/crimelog/> ([select the Main Campus crime log](#)).

Because the HSOP Mobile campus is located on the campus of the University of South Alabama (USA), much of the content of this report was taken from the USA Annual Security & Fire Safety Report. Students, faculty and staff may also be interested in reviewing the USA Annual Security and Fire Safety Report in its entirety, which provides crime and fire statistics for the entire USA campus (of which the HSOP Mobile campus is a subset), as well as USA safety information, campus policies, and local resources. Each year, an e-mail notification is sent to HSOP Mobile students, faculty and staff that provides a direct link to access the report online. Hard copies may be obtained at the USA Police Department, located at Beta Gamma Commons Bldg., 290 Stadium Blvd., or by calling (251) 460-6312.

Printed copies of the USA Crime and Fire Logs are available for viewing in the front lobby of the USA Police Department at 290 Stadium Blvd., on the USA Campus, and are available 24 hours a day. The most recent 60 days of reports are included.

Auburn University is an equal opportunity educational institution/employer and operates without regard to race, sex, color, age, religion, national origin, disability or veteran status. As a matter of policy, Auburn University prohibits discrimination on the basis of sexual orientation, gender identity, or gender expression in matters regarding academic acceptance, academic performance or dismissal, as well as employment decisions regarding hiring, promotion, and termination.

Prompt Reporting of a Crime or Emergency

HSOP Mobile campus students, faculty, staff, contractors, and visitors are encouraged to immediately DIAL (251) 460-6312 to promptly and accurately report all crimes and public safety-related incidents occurring on campus to the USA Police Department. Individuals are encouraged to report a crime when the victim elects not to or is unable to make such a report. Callers should be prepared with as much of the following information as possible:

- Name
- Exact location of the incident
- Description of the scene
- Description of any subjects
- Description and license numbers of any involved vehicles

If you are unable to remember the university police number, then you may also dial 911, but these calls are processed through the county 911 Center and may result in a delayed response time. Therefore, all members of the campus community are urged to program the appropriate USA Police Department number in their cell phone to facilitate prompt reporting.

After dialing 251-460-6312, for any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or on-going threat to the health and safety of the campus community, all members of the Auburn University community should also immediately notify the Auburn University Department of Public Safety & Security at 334-750-9795. Crimes reported to the Auburn University Department of Public Safety & Security will be assessed for timely warning notification and potential inclusion in the annual statistical disclosure.

In addition to crimes, all suspicious activity should be reported to the police. For emergencies, dial 251-460-6312. For non-emergencies, call 251-460-6611. You may also call the TIPS line at 251-460-6667 or text the Text-A-Tip line at 251-219-0219. Response to Reports

The University of South Alabama Police Department is available 24 hours a day to answer calls for emergency police, fire or medical assistance. In response to a call, appropriate action will be taken by either dispatching an officer and/or other emergency services or asking the individual reporting the crime to go to the University of South Alabama Police Department to file an incident report. All reported crimes will be investigated by the University of South Alabama Police Department and may become a matter of public record. Auburn University Department of Campus Safety & Security requests information about crimes occurring on HSOP Mobile's Clery geography from the University of South Alabama Police Department. Certain details from these incident reports may be shared with the Harrison School of Pharmacy or Division of Student Affairs for review and referral for potential disciplinary action, as appropriate. If sexual assault, domestic/dating violence or stalking is reported, details from the incident report will be shared with the Title IX Coordinator for investigation and personnel receiving the report, including University of South Alabama Police Department, will offer the victim a wide variety of services, detailed in the section of this report on sexual assault, domestic violence, dating violence and stalking.

Voluntary Confidential Reporting and Anonymous Reporting

Anyone who witnessed or has been a victim of a crime is encouraged to immediately report the incident to the University of South Alabama Police Department by dialing 251-460-6312. The Chief of Police may also be contacted during normal business hours at 251-460-6611 or by e-mail at zaull@southalabama.edu. Police reports in the state of Alabama are public records, meaning that police cannot hold reports of crime in confidence and thus do not allow voluntary confidential reporting. The University of South Alabama Police

Department does maintain a TIPS line that can be used for reporting security and safety related concerns, or to provide tips about criminal incidents or behavior on campus or within the University of South Alabama campus. Call 251-460-6667 to reach this line. You may also text the Text-A-Tip line at 251-219-0219. Persons wishing to report crime or other emergency incidents occurring on any university property may also do so in person, by telephone, or anonymously through the Silent Witness Program under the Crime Prevention link: <http://www.southalabama.edu/departments/police/silentwitnessprogram.html>.

The Clery Act requires Auburn University to include in our annual crime statistics disclosure all reported crimes that fall into one of the Clery reportable crime categories and occur on our Clery geography. (See the section of this report on Clery Act reporting definitions for more information about Clery reportable crime categories and geography.) Confidential reports for inclusion in the annual disclosure of crime statistics, and for assessment for a timely warning notice, generally can be made to those campus security authorities who are not members of the City of Auburn Police Division; however, if a violation of the Title IX Policy is reported, or if there is a potential for a serious or ongoing threat to the campus community, some information may be required to be shared with certain campus administrators. In all cases, every effort will be made to maintain the confidentiality of crime victims to the extent possible. Individuals are always encouraged to report incidents to the police so they can be properly investigated.

Campus Security Authorities

Campus security authorities are defined by the Clery Act as City of Auburn Police Division officers assigned to the AU Precinct, Auburn University Department of Campus Safety & Security personnel, other individuals who have responsibility for campus security but who do not work for the Department of Campus Safety & Security (including contracted security providers), or officials who have significant responsibility for student and campus activities. The Auburn University Department of Campus Safety & Security maintains a list of all campus security authorities and the training they receive.

The Auburn University Department of Campus Safety & Security collects crime reports from the identified campus security authorities, which typically include (but are not limited to) certain staff from the following units: Auburn University Campus Safety & Security, Auburn Police Division, Parking Services, Residence Life, Office of Health Promotion and Wellness Services, Office of Student Conduct, Athletics (directors/ coaches/ assistant coaches), Greek Life advisors, Student Involvement, Student Center, advisors to student organizations, Title IX coordinators and investigators, First Year Experience staff, Campus Recreation staff, and International Programs coordinators. Campus security authorities are asked to promptly notify the Department of Campus Safety & Security of all crimes reported to them through the crime reporting form available at www.auburn.edu/safety. Each of these reports is reviewed by Department of Campus Safety & Security personnel to assess whether it meets reporting requirements under the Clery Act (including timely warning notification) and to avoid duplicate reporting where possible.

Campus Counselors and Confidential Reporting

Campus “pastoral counselors” and “professional counselors,” when acting as such, are not considered to be campus security authorities and are not required to report crimes for inclusion in the annual disclosure of crime statistics. Counselors are defined as:

Pastoral Counselor: An employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor. Auburn University does not have any pastoral counselors.

Professional Counselor: A professional counselor is an employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Auburn University does not have procedures that encourage pastoral and professional counselors to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual statistical disclosure of crime statistics. The staff of Student Counseling Services, if and when they deem it appropriate, does encourage clients to report crimes to the City of Auburn Police Division.

Timely Warning of Crimes

Auburn University HSOP Mobile campus relies on the USA Police Department to determine when a timely warning notice should be sent to the campus community. HSOP Mobile students, faculty and staff are treated as members of the USA campus community and receive timely warnings directly from the USA Police Department as outlined below. If the HSOP Mobile campus administration or the Auburn University Department of Campus Safety & Security become aware of a crime that may require a timely warning notice, and a timely warning notice has not yet been sent by the USA Police Department, the Auburn University Department of Campus Safety & Security will consult with the USA Police Department about the possible need for a timely warning notice.

University of South Alabama Timely Warnings (from USA Annual Security & Fire Safety Report)

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of the University of South Alabama Police Department or a designee, constitutes an ongoing or continuing serious threat to the university community, a campus wide “timely warning” will be issued. The timely warning will include information the Chief of Police or his designee determines is crucial to promote safety which may include, but is not limited to, information about the reported offense (such as time, location, description, etc.) and pertinent information about suspects. The information obtained about potential victims during the issuance of a timely warning is considered confidential information and will not be shared unless authorized. Timely warnings may be disseminated as follows:

- Email to students’ and employees’ campus email address (The University of South Alabama Police Department is responsible for issuing the timely warning emails. If someone from the police department is unavailable, there are several administrators in the Office of Public Relations who can initiate the email system.)
- Posted on the USAPD website at <http://www.southalabama.edu/police/>
- Postings at other locations, including public and university media channels as deemed appropriate

Updates to the University of South Alabama community about any particular case resulting in a timely warning will normally be distributed via email. Timely warnings are usually distributed for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: arson, criminal homicide, and robbery. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by the University of South Alabama Police Department. For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to other campus community members and a timely warning would not be distributed. Timely warnings may also be posted for other crime classifications, as deemed necessary.

Emergency Preparedness

Emergencies can occur at any time, often without warning. Auburn University’s emergency guidelines can help you deal with many emergency situations appropriately. Your judgment often determines whether an incident is an emergency. If in doubt, err on the side of safety. Visit the Auburn University Emergency Management Web page for more information on emergency management: www.auburn.edu/emergency.

Emergency guidelines are also available in the Auburn University official mobile app available for download through iTunes and the Google Play store.

The University of South Alabama has adopted the Emergency Response and Recovery Plan designed by the University Safety and Environmental Compliance Committee to provide a guide for potential emergency responses, recovery actions, and mitigation programs. The University of South Alabama's emergency response plan may be viewed in its entirety at:

<http://www.southalabama.edu/departments/financialaffairs/environmental/emergencyresponse.html>.

What to Do in the Event of a Campus Emergency

If you have an EMERGENCY requiring police, fire or ambulance, DIAL 911 without delay.

- When you dial 911 for emergency services, stay on the line and give the following information:
 - Your name, telephone number, and exact location.
 - The location of the emergency.
 - The nature and extent of the emergency (e.g. Are there injuries and how many?)
- Be informed and prepared in advance. Review emergency guidelines and do not wait until an emergency strikes to know what to do.
- Be aware of your surroundings, and report any suspicious activities.
- Know the locations of fire alarm activation pull stations in your building and how to evacuate your building if the alarm is set off.
- Know the locations of severe weather shelter areas in your building and when to seek shelter.
- Emergency call boxes (also called "blue light emergency phones") have been installed in different locations around campus. The call boxes call 911 when activated. Once activated, call box speakers remain open until disconnected by the emergency services dispatcher. Call boxes are equipped with a blue light for identification, which strobes when activated. Locations are shown online on the campus map under "placemarks" at www.auburn.edu/map.

Questions or suggestions regarding emergency procedures and response on campus should be directed to:

- AU Emergency Management – emergencymanagement@auburn.edu
- AU Executive Director of Campus Safety & Security – campussafety@auburn.edu
- USA Director of Safety & Environmental Compliance – wguess@southalabama.edu
- USA Chief of Police – zaull@southalabama.edu

Emergency Response and Evacuation Procedures

Emergency Response Procedures

The Auburn University Department of Campus Safety & Security has primary responsibility for emergency management on campus. Auburn University has an Emergency Operations Plan in place that defines the organizational structure for response to emergencies of a magnitude that would cause significant disruption to university operations. The plan identifies members of the Crisis Management Team, which is responsible for managing the operational aspects of the university's response to an emergency event.

In the event of any crisis situation, including but not limited to a fire, weather emergency, significant utility disruption, hazardous materials release, or campus violence incident, the appropriate members of the Crisis Management Team may, if needed, assemble to mitigate the consequences, promote the safety of the community, and provide for "continuity of business" for the university's educational, research and outreach missions.

Standard Operating Guidelines

Standard Operating Guidelines (SOGs) provide a more detailed framework for university operations during emergency events. Since all emergencies are unique in nature, these guidelines are designed to be flexible

in order to accommodate contingencies of various types and magnitudes.

Emergency response guidelines are available from the Department of Campus Safety & Security in a variety of formats, including emergency information cards for students (which are provided to all incoming students at student orientation and to others at outreach events), emergency guidelines folders (which are provided to all new employees at new hire orientation and to others at outreach and training events), building-specific emergency response plans, and hazard-specific guidance on both the Emergency Management Web page (www.auburn.edu/emergency) and in the university's official mobile app for iOS and Android devices. In the mobile app, users can access emergency guidelines by selecting the "Emergency" menu item.

Evacuation Procedures

Emergency response and building evacuation procedures are included in building-specific emergency response plans.

The senior site administrator present (HSOP Mobile director or designee), in coordination with the USA Police Department, is responsible for initiating any partial or campus-wide evacuations. The Auburn University Department of Campus Safety & Security is available for assistance or consultation as needed.

When deciding whether to conduct an evacuation, consideration will be made for the type of hazard or threat, credibility of the threat, area of campus in danger, and ability to contain the threat to a specified area of campus. The HSOP Mobile campus community may be notified to evacuate on foot or by vehicle, depending on the nature and timing of the threat, as well as other hazards that may impact the safety of persons evacuating.

Communication of an evacuation order should be facilitated through the USA Police Department, which has responsibility for emergency notification on the campus of the University of South Alabama. Messages should include the nature of the incident and directions for the HSOP Mobile campus community, including when the evacuation will begin, how to evacuate (on foot or by vehicle), where to go, and how updates will be provided.

The method and direction of the evacuation route during a campus evacuation will depend on the nature and location of the emergency or disaster warranting the evacuation. Once public safety officials decide it is safe to return, announcements will be made to return to normal operations.

Tests of Emergency Procedures

The Auburn University Department of Campus Safety & Security reviews and updates plans and coordinates tests of emergency response and evacuation procedures at least annually, via announced and/or unannounced tests, to evaluate the campus' response. Tests include drills, exercises and follow-through activities to review each test. The University of South Alabama Police Department and other emergency responders are invited to participate in the tests. Emergency response and evacuation procedures are publicized during these tests and documentation of the tests are maintained by the Auburn University Department of Campus Safety & Security.

USA annually conducts exercises and appropriate follow through activities designed to assess, evaluate, and improve campus emergency response procedures. Annually, the USA Office of Public Relations and Human Resources provide communications to the university community regarding university procedures for authorized closings and receiving emergency alerts.

The University of South Alabama has a robust notification system in place. According to the USA Annual Security & Fire Safety Report, the campus siren/broadcast system is tested on a monthly basis, in

conjunction with the monthly tests of the Mobile County Emergency Management Agency's Systems. The mass notification system is tested on an annual basis.

Emergency Notifications

The USA Police Department has the primary responsibility of responding to, and summoning the necessary resources to mitigate, investigate, and document, emergencies on the HSOP Mobile campus. The HSOP Mobile campus community relies on the USA Police Department to determine when emergency notification should be sent to the campus community. HSOP Mobile students, faculty and staff are treated as members of the USA campus community and receive notification directly from the USA Police Department as outlined below.

In addition, the USA Police Department has the responsibility to determine if the situation does, in fact, pose a threat to the HSOP Mobile campus community and to immediately send an emergency notification when this determination is made.

Notification Procedure

Upon confirmation of a significant emergency or dangerous situation on the USA main campus, posing an immediate threat to the health or safety of the campus community, USA will initiate the emergency notification process without delay. Although the USA Police Department is primarily responsible for confirming that there is a significant emergency or dangerous situation and issuing a warning, the Offices of Marketing & Communications and Safety/Environmental Compliance also have access to the emergency notification systems. These three departments have the authority to determine the appropriate segment or segments of the campus community that will receive the alerts, to determine the content of the alert, and to initiate the notification system.

Usually, the USA Chief of Police or his designee will determine the content of the notification, taking into account the safety of the campus community, unless issuing a notification will, in the judgment of the first responders, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Based on the circumstances of the threat, the USA Police Department will determine the appropriate segment(s) of the community to receive the notification. For instance, a fire in the Recreational Center might begin with just an evacuation of the Recreational Center but might later be expanded to include the Epsilon 1 & 2 along with Delta 6, if the fire was not quickly brought under control. USA may use one or more of the following notifications systems which it has at its disposal.

Notification Components (from USA Annual Security & Fire Safety Report Campus Exterior Sirens/Public Address System

In addition to a siren signal, the system can broadcast pre-recorded messages or live messages via university police officers' radios (Main Campus only).

W.A.R.N Command and Everbridge System – This is a mass notification system – these systems provide simultaneous outbound messaging services such as phone, SMS, text, and email communications. Members of the USA community, including HSOP Mobile students and employees, are automatically signed up for W.A.R.N through their PAWS account. A transition from W.A.R.N to Everbridge is currently being implemented.

Global E-mail – USA has designated emails as the primary means of campus-wide communication.

Emergency & Weather Hotline (251) 460-6999 – This recorded telephone line provides official information bulletins regarding campus emergencies, severe weather, and campus closures. Information can also be accessed at: <http://www.southalabama.edu/alert/index.html11>

Facebook – <https://www.facebook.com/usouthalpolice>
<https://www.facebook.com/theuniversityofsouthalabama>

Other notification means are used as they are determined to be appropriate, given the circumstances and the segment of campus that needs to be notified.

The University of South Alabama Chief of Police or designee, in consultation with the Office of Marketing & Communications, will determine if emergency information needs to be disseminated to the larger community via local media outlets or otherwise.

In making determinations about whether an emergency exists and/or sending emergency notifications, the USA Chief of Police or designee may consult with members of the Department of Safety and Environmental Compliance, the President's Council, the Emergency Response and Recovery Team, Office of Marketing & Communications, Campus Security Authorities, local emergency response agencies, and any other individuals relevant to the situation.

Additional information about these communications can be found on the university website at <http://www.southalabama.edu/alert>. University of South Alabama Emergency Response and Recovery Plan Manuals are posted in each campus building generally by the elevators or the front entrance. Basic information about the emergency response and evacuation procedures for University of South Alabama are publicized each year.

Campus Security and Law Enforcement (from USA Annual Security & Fire Safety Report

National Crime Information Computer System and the Alabama Criminal Justice Information Center (The University of South Alabama Police Department exists to meet the unique law enforcement needs of the university community. Therefore, they engage in community oriented policing that actively encourages input from the community, and utilizes innovative crime interdiction, prevention, and public education methods to foster a safe environment on campus. All police officers have completed an Alabama Post certified academy and undergo semi-annual firearms training. Additionally, they complete a minimum of 12 hours of required CEU training each year. USA police officers are sworn state law enforcement officers and are empowered by legislation (Code of Alabama 16-55-10) to enforce all state and local laws, and may make arrests for any offense occurring, or having probable cause to believe occurred, within their presence or anywhere within the State of Alabama. Their primary responsibility is the enforcement of the law on USA property, owned, leased, or otherwise controlled by the institution; however, their authority extends to any place in the state. All law enforcement matters are handled within the department, including initial complaint taking, criminal investigations, and arrests.

The USA Police Department is directed by the Chief of Police, Patrol and Administrative Captains, and Investigative and Special Operations Lieutenants. The department is comprised of 36 sworn police officers, and a full time support staff of 6 civilian employees. It operates 24/365, and provides full police services to the USA community, including the HSOP Mobile campus.

USA Police work closely with local, state, and federal law enforcement agencies, including Mobile PD, Mobile County Sheriff's Office, Alabama Law Enforcement Agency, Alabama Bureau of Investigations, and the F.B.I., sharing relevant information and providing mutual assistance as needed. The officers of USAPD and MPD communicate regularly on the scene of incidents that occur around the campus, and local police officers on occasion work under contract with the university police to provide supplemental services for special events. Members of the USA police department serve on various joint taskforces and attend and participate in various multi-agency meetings and briefings. While we regularly share information, there is no

written memorandum of understanding between USAPD and MPD, as the department has the responsibility and authority to conduct all investigations for all crimes that occur on USA owned or leased property.

USA Police have direct radio communication with local emergency response agencies via radio. By mutual agreement with state and federal agencies, the university police department maintains a NLETS terminal (National Law Enforcement Telecommunications Network). This system enables the USA Police to access the ACJIC). These systems are used for accessing criminal history data, nationwide police records, driver/vehicle identification information, as well as other local, state, and federal law enforcement information. The USA Police Department participates in the F.B.I.'s Uniform Crime Reporting Program and routinely submits all crime reports to them through the Alabama Criminal Justice Information Center.

USAPD patrols the main campus, including the HSOP Mobile campus, and bordering streets, including: University Blvd., Old Shell Rd., Hillcrest Rd., and the old Hillsdale Subdivision.

Auburn University maintains an excellent working relationship with the University of South Alabama Police Department and the Alabama Law Enforcement Agency, as well as local and state law enforcement agencies.

Non-Campus Organizations

The HSOP Mobile campus offers recognized Auburn University student organizations to its students. The Division of Student Affairs maintains contact with these recognized student organizations through the Office of Student Involvement. Criminal activity by students engaged in activities at non-campus locations of student organizations officially recognized by the university is monitored and recorded by the Auburn University Department of Campus Safety and Security.

Missing Student Policy

The HSOP Mobile campus does not provide on-campus student housing for Auburn University Students. If a member of the university community has reason to believe that a student is missing, he or she should immediately notify the University of South Alabama Police Department at 251-460-6312.

Upon investigation, should the University of South Alabama Police Department determine that the student is missing, they will promptly notify the HSOP Mobile site administration and the Auburn University Department of Campus Safety & Security. Within 24 hours of a determination by police that a student is missing, Auburn University will notify:

- The student's missing person confidential contact(s), if they have registered any;
- The student's custodial parent or legal guardian, and any other designated contact person, if the missing student is under the age of 19 and is not an emancipated individual.
 - Because the age of adulthood in Alabama is 19, we choose to notify the parent or legal guardian of a missing student who is under the age of 19, which also meets the Clery Act requirement to notify the parent or legal guardian of a missing student under the age of 18.

Auburn University will make reasonable efforts to assist with missing person investigations for all Auburn University students, regardless of whether they reside in on-campus housing.

Identifying Emergency Contacts and Missing Person Confidential Contacts

In addition to registering general emergency contacts, students, faculty, and staff have the option to confidentially identify one or more individuals to be contacted by Auburn University in the event the student, faculty, or staff member is determined to be missing for more than 24 hours. Missing person confidential contact information is only accessible to authorized campus officials and law enforcement and will not be disclosed outside of a missing person investigation.

In AU Access, on the My Campus tab, there is a link entitled "My Contacts" where students, faculty, and staff can register the following:

- **General emergency contacts:** This is who the university will contact in the event a student, faculty member, or staff member is involved in a serious emergency or crisis.
- **Missing person confidential contacts:** This is who the university will contact if the police determine the student, faculty member, or staff member to be missing.

Students residing in on-campus housing are notified each fall semester of the need to provide missing person confidential contacts.

Department heads and respective instructors may be granted authorization for organized activities by the executive director of the Department of Campus Safety & Security of Auburn University. The requesting organization must guarantee qualified instruction, safety, and security for such activities. This policy shall not apply to duly designated law enforcement officers while in the discharge of their lawful duties.

An employee may not possess firearms on campus or while otherwise engaged in duties associated with their employment, except for a firearm properly maintained in a personal vehicle in a manner consistent with Alabama law. University students may not possess firearms at any time on campus (except as expressly authorized by the executive director of Campus Safety & Security). The Department of Campus Safety & Security provides temporary storage for firearms lawfully possessed by students at its office.

Where applicable, all federal, state, and local laws and ordinances will be strictly enforced by Auburn Police Division and respective mutual aid agencies and shall be separate from this administrative policy.

University of South Alabama Dangerous Weapons and Firearm Policy

Except as authorized by the University policy and state law, weapons of any type are not permitted on university property. Weapons include, but are not limited to, bullets, ball bearing bullets, bullet balls, pellets, firearms, knives, paint ball guns, air guns, toy and water guns, hunting bows, archery bows, swords, martial arts weapons, and replicas of such weapons. In addition, fireworks, and pyrotechnic devices and materials are prohibited on university property. Law enforcement officers are armed for self-protection and the protection of others. University police officers are trained to use the force necessary to overcome resistance and maintain control when justified and as authorized by law. The State of Alabama has enacted numerous laws regarding weapons for the public welfare. A person who has been convicted of committing or attempting to commit a crime of violence is not permitted to own or have in his or her possession or under his or her control a firearm. Drug addicts and habitual drunkards are also forbidden from the same. If a person desires to carry a pistol in their vehicle or concealed on their person they must obtain a license from the local sheriff. Please note that a license to carry a concealed weapon does not negate University policies and that faculty, staff, and students may face disciplinary sanctions for violating the university weapons policies.

Threat Assessment Team

The Auburn University Threat Assessment Team is in place to advise and make recommendations on incidents involving members of the university community that pose, or may reasonably pose, a threat to the safety and well-being of themselves and/or other members of the university community. This is accomplished

through outreach and educational programming, consultation, and appropriate referrals.

Referrals to the Threat Assessment Team

It is the responsibility of the university community to report any situation that could possibly result in a threat to the safety and well-being of other members of the university community. Any member of the university community that may become aware of such a situation can report the matter to the Threat Assessment Team.

It is important to emphasize that reports to the Threat Assessment Team not be made anonymously because of the limitations to investigating without complete information. Please include, at a minimum, your name, phone number and e-mail address.

Bias Education and Response Team

The Auburn University Bias Education and Response Team consists of a cross-disciplinary group of staff and faculty who provide a means for members of the campus community to report bias incidents. The team helps connect those impacted by bias incidents with immediate and ongoing support resources, and advocates for prevention and awareness programs.

Defining Bias-Related Incidents

A bias-related incident involves acts, behaviors, conduct, or communications against a person, motivated by the offender's bias against age, disability, ethnicity, nationality, race, religion, sex, sexual orientation, gender identity, or gender expression. These acts, behaviors, conduct, or communications may produce an unwelcoming environment. A bias incident may involve behavior that does not rise to the level of a violation of Auburn University policy.

Reporting Incidents to the Bias Education and Response Team

To report a suspected bias-related incident, members of the university community can submit a report online at aub.ie/BERTReport. A member of the Bias Education and Response Team will contact the reporter to discuss the incident and share information about campus and community support services.

Access to and Security of Campus Facilities

The HSOP Mobile campus is located on the University of South Alabama campus which is generally open to the public during normal hours of operation. Schedules for campus buildings fluctuate depending on the nature of their operations, as well as events and class schedules. The University of South Alabama Police Department is open 24 hours a day, 7 days a week.

During business hours the University of South Alabama is open to students, parents, employees, contactors, guests, and invitees. During non-business hours access to all college facilities is by key, electronic, and/or alarm access code, if issued in accordance with university policies, or by admittance via the Facilities Management Department (251) 460- 7655.

USA academic buildings are open during the day and evening hours when classes are in session. Some facilities may have additional hours which may vary at different times of the year. Examples are the Recreation Center, University libraries, and the Mitchell Center. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility. Emergencies or other considerations may necessitate changes or alterations to any posted schedules.

The HSOP Mobile campus, located on the second floor of the former USA Health Services Building, is accessed using proximity card readers issued to students and employees. During business hours (7:45-11:45 a.m. and 12:45-4:45 p.m., Monday through Friday), the front door is open. This is the only way for visitors to enter, and visitors are only allowed unescorted into the front office area. Students have their own entranced, which provides direct access to classrooms, which are open during the day, and team rooms, which have restricted access.

USA has a camera system is in place to monitor activity in and around some public areas on campus.

Maintenance of Campus Facilities

A Campus Safety Walk is held each fall and spring semester and includes members of the USA campus community (faculty, staff and students) as well as representatives of Facilities Management, USA Police Department, and the Office of Safety and Environmental Compliance. This group walks the campus and also reviews campus lighting, landscaping, signage, and other aspects of campus grounds and facilities in order to identify any safety concerns to be addressed.

Members of the campus community may report any maintenance issue online at <http://usahelp.southalabama.edu> or by calling 251-460-7111. For emergencies after business hours, contact the USA Police Department at 251-460-6312 and they will make the appropriate notification.

Crime Prevention & Security Awareness Programs

The university offers a variety of informative programs for students and employees dealing with crime prevention, security awareness and campus safety. These programs are available several times a year and upon request by student groups, employees, or individuals. Programs address topics such as security procedures and practices, personal safety, emergency preparedness and response, alcohol and drug abuse awareness, sexual assault, and violence prevention. All programs offered on the main campus are available to members of the HSOP Montgomery campus community, for students when they are attending classes at the main campus and for employees through classes offered on site upon request.

During the 2016-2017 academic year, Auburn University Department of Campus Safety & Security provided 75 scheduled security awareness and crime prevention programs. Other programs were provided upon request by specific groups. A common theme of all awareness and crime prevention programs is to

encourage students and employees to be aware of their responsibility for their own security and the security of others.

The University of South Alabama Police Department participates in all new student and new employee orientation sessions. During orientation the students have an opportunity to learn about services offered by the University Police Department at a vendor fair. Officers also conduct presentations to students regarding personal safety and how to contact the police department.

The USAPD also presents similar information in semi-annual orientations for new faculty and monthly orientations for new staff. The University of South Alabama Police Department and the Office of Safety and Environmental Compliance offer ongoing crime prevention and safety awareness programming throughout the year. A common theme of the awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

USA offers sexual assault awareness and prevention programming through various offices on campus. The USA Counseling Center and the USA Police Department offer sexual assault education and information programs to university students and employees upon request

Community members are encouraged to take part in the programs listed below in order to receive important tips and information pertaining to their personal safety. A training schedule for the courses on main campus is available on the Campus Safety & Security Web site at http://www.auburn.edu/administration/public_safety/emergency/training_resources.html. The Department of

Campus Safety & Security will schedule trainings at the HSOP Montgomery campus upon request to emergencymanagement@auburn.edu.

Crime Prevention Tips

Campus safety is everyone's responsibility. It is important that we all take our personal safety seriously. It is

impossible to prevent all crimes and the perpetrator ultimately decides whether to commit a crime. However, there are some actions you can take to reduce your chance of being a victim of crime.

Three Simple Rules for Personal Safety

- Stay alert and tuned in to your surroundings. Be aware and prepared.
- Stand tall and walk confidently; do not show fear.
- Trust your instincts.
 - If you do not feel comfortable in a place or situation, leave.
 - If you see suspicious activity or a person behaving suspiciously, notify police at 911 (emergencies or crimes in progress), 334-501-3100 (non-emergencies) or 334-246-1391 (tip line – text or call).

Protecting Your Property

- Use a combination padlock on all storage units. Check the unit periodically to make sure nothing has been disturbed.
- Don't mark your key chain with your name, address and/or license number. Lost keys can lead to theft. Take care of keys; don't give anyone the chance to duplicate them.
- Engrave all valuable personal property with your name and a unique number known only to you. Keep a detailed list of all valuables and serial numbers. Keep a copy of this list at your permanent residence as a backup. This list may help police recover your belongings.
- Move valuables out of view from windows and doors.
- Lock your vehicle and residence at all times, even when you're in them.
- Copy all important papers and cards that you carry in your purse or wallet, including your driver's license. Keep the copies in a safe place. The information will be invaluable if anything is stolen or lost.
- Copy your vehicle ID and tag number. If your vehicle is stolen, it cannot be entered into the nationwide law enforcement network without this information.

Protecting Yourself At Home

- Keep doors and windows locked at all times, even if you are only away for a few minutes. Do not "prop open" doors in residence halls.
- Be assertive and demand that any unwanted person in your residence leave, or leave yourself. Anyone who refuses to leave is a trespasser. If you live in a residence hall, report any unescorted person to security (334-844-8888).
- Make sure hallways, entrances, garages, and grounds are well lit. Leave porch lights on all night. Keep blinds and curtains shut after dark and never dress in front of a window.
- On campus, immediately report exterior lights that are out to Facilities Management at 334-844-HELP (4357). Off campus, immediately report exterior lighting problems to the management of your apartment complex or landlord.
- When you expect to return after dark, leave an interior light on with the shades drawn.
- Know who is at your door before you open it. Campus staff members carry identification, and solicitors are not allowed on campus. Require proper identification from any repair or utility personnel. If you live off campus, install a peephole in your front door.
- Do not open your door to strangers or let them in. If they need assistance and ask to use your phone, make the phone call for them.
- List initials and last names only on your mailbox or door and in the telephone book. Don't leave your name on your door or answering machine if you live alone.
- If you are going out of town, do not state you are away or when you will return on your voice mail recording, e-mail automated reply, or social media networks.
- Get to know your neighbors. If you live off campus, join a neighborhood watch system and share information on suspicious circumstances.
- When you go home on breaks, have someone pick up your mail, newspaper, etc. Install timers and leave

on all outside lights. Make your residence appear “lived in.”

- If you come home and see a broken window or a jimmyed door, don't go inside. Confronting a burglar can be dangerous. Phone police immediately at 911.

Protecting Yourself Away from Home

- Walk or jog with one or more friends. Avoid jogging after dark. If you must jog at night, stay in well-lit, well-traveled areas and do not go alone.
- Carry a whistle and don't hesitate to use it to alert others you need help. Vary your pattern frequently.
- Don't wear ear buds when jogging or biking, or at least leave one ear open so you can hear what's going on around you. Ear buds and headphones significantly reduce your ability to hear and thus affect your awareness.
- Tell someone where you are going and when you will return.
- Make sure your cell phone is charged before you go out, in case you need to use it to call for help.
- Don't fight back if your purse or wallet is snatched. Throw it in one direction and run in the other rather than risk personal injury. Call the police immediately at 911.
- Be careful when and where you patronize ATM machines. Accessing ATM cash machines in remote locations, particularly at night, could increase your risk of robbery and personal injury. While you are standing at the machine, keep turning around and scanning for people approaching you or loitering around.
- Avoid working or studying alone in a building other than your residence at night.
- Stand and walk tall with a brisk, purposeful stride. Make brief eye contact with someone who makes you feel uneasy to let them know that you see them and are not afraid, but don't stare too long or prolong your glance.
- Trust your instincts.

Protecting Yourself at Work

- Avoid working or studying alone in a building at night.
- When working late, make sure doors are locked.
- Keep your purse in a locked cabinet or drawer. Never leave it on or underneath a desk.
- Avoid using stairs in remote sections of the building.
- Do not hold the door open for strangers after normal business hours.
- Ask people you don't recognize if you can help them.
- Report suspicious activity to police (911 for emergencies and crimes in progress; 334-501-3100 for non-emergencies).
- Be careful what you leave on your desk and on your computer screen when you step away from your desk.
- Keep passwords in secure places.

Have a Plan

It is very important for you to have a plan in case someone tries to steal your bag, attack you from behind, or your car breaks down at night, etc. Knowing how you would handle situations if you should ever have to face an attacker could save your life. Always be on your guard, pay attention to your surroundings, trust your instincts and report suspicious activity to the police.

If you have a cell phone, keep it with you at all times so you can call for help if needed. There are also several panic buttons on the HSOP Montgomery campus. Push the button to notify the Montgomery Police Department that you need assistance.

Rave Guardian App

A personal safety app, Rave Guardian, is available at no cost to Auburn University students and employees.

This app, provided with the support of the Student Government Association, allows students to use their cell phone as a safety timer or send messages about general safety or security concerns to the police. Simply download the Rave Guardian app for iPhone or Android and register with an Auburn University email address to use the app and be connected with the Auburn Police Division. For emergencies and crimes in progress, students or employees should always dial 911 as opposed to sending a message through the Rave Guardian app.

Sexual Assault, Domestic & Dating Violence, and Stalking

Auburn University is committed to providing a learning, working, and living environment that promotes personal integrity, civility, and mutual respect in an environment free of discrimination on the basis of sex. Sex-based discrimination includes all forms of sexual misconduct, including sexual or gender-based harassment, sexual assault, domestic violence, dating violence, and stalking. As a result, Auburn University issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual or gender-based harassment, sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a university official. In this context, Auburn University prohibits the offenses of sexual or gender-based harassment, sexual assault, domestic violence, dating violence, and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

Education and Prevention Programs

The university engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end sexual assault, domestic violence, dating violence, and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

- Identify sexual assault, domestic violence, dating violence, and stalking as prohibited conduct;
- Define what behavior constitutes sexual assault, domestic violence, dating violence, and stalking using definitions provided both by the Department of Education as well as state law;
- Define what behavior and actions constitute a lack of consent to sexual activity in the state of Alabama;
- Provide a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of sexual assault, domestic violence, dating violence, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;
- Include information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence;
- Provide an overview of information contained in the Annual Security and Fire Safety Report in compliance with the Clery Act.

The university has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation; conducting events throughout the year to include presentations to specific groups, such as Athletics, Greek Life, and student organizations; BeWell Hut peer-to-peer education activities; concourse outreach events; and targeted events during certain months of the year such as Domestic Violence Awareness Month and Sexual Assault Awareness Month.

Each year, prior to matriculation, all students are asked to take an education and awareness program called Haven, which educates students about consent, sexual misconduct, and the importance of being an active bystander in preventing sexual misconduct. The Green Dot We.Auburn bystander intervention

education program engages faculty, staff, and students as leaders for intervention around power-based interpersonal violence with the goal of reducing sexual violence, relationship violence, and stalking. The program engages all communities at the university for a unified prevention effort. A Green Dot is a moment in time when words, choices, and behaviors communicate intolerance of violence. Training and social media focus on giving campus community members tools to intervene, as well as building a culture around the premises that (1) violence will not be tolerated, and (2) everyone has a role in preventing violence.

Procedures for Reporting a Complaint

USA offers online prevention and awareness training to all USA students, including HSOP Mobile students. This informative program from United Educators is geared toward the college student population and focuses on the issues of sexual assault, domestic/dating violence, and stalking on college campuses.

has procedures in place that serve to be sensitive to those who report sexual misconduct, including sexual assault, sexual exploitation, intimate partner violence (domestic violence or dating violence), stalking, sexual or gender-based harassment, complicity, or retaliation. Procedures include informing individuals about their right to file or choose not to file criminal charges; the availability of counseling, health, mental health, victim

advocacy, legal assistance referrals, visa and immigration assistance and other services on and/or off campus; and additional remedies to prevent contact between a complainant¹ and an accused party, such as no-contact directives, or housing, academic, transportation, and working accommodations, if reasonably available. The university will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to local law enforcement. Students and employees should contact Safe Harbor survivor advocates at 334-844-7233 or the Title IX Coordinator at 334-844-4794 for assistance with accommodations requests.

After an incident of sexual assault, domestic violence and/or dating violence, the survivor should consider seeking medical attention as soon as possible at USA Children & Women's Hospital. In Alabama, evidence may be collected from your body with your permission, even if you chose not to make a report to law enforcement. USA Children & Women's Hospital has specially trained personnel called Sexual Assault Nurse Examiners (SANE), who can collect evidence following a sexual assault or domestic violence incident. Survivors have the right to a sexual assault forensic exam, without having to provide their name or make a report to law enforcement if they choose not to do so. It is important that a survivor of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 72 hours, so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred. This evidence may also be helpful in obtaining a protection order. In circumstances of sexual assault, if survivors do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease, as appropriate.

Survivors of sexual assault, domestic violence, dating violence, and stalking are encouraged to also preserve evidence by saving text messages, instant messages, social networking posts, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to the university conduct process/investigation or to police. Although the university strongly encourages all members of its community to report violations of this policy to law enforcement, it is the survivor's choice whether or not to make such a report and survivors have the right to decline involvement with the police. Safe Harbor survivor advocates on campus will assist any survivor with notifying local police if they so desire. USA Campus Victim's Advocates are also available to provide emotional support, as well as appropriate information and referrals on court proceedings, disciplinary processes, academic arrangements, and medical procedures. The University of South Alabama Police Department may also be reached directly by calling 251-460-6312 (emergencies or crimes in progress) or 251-460-6611 (non-emergencies), or in person at 290 Stadium Boulevard, Beta/Gamma Commons Building, Mobile, AL. The Student Health Center may be contacted at 251-460-7151.

Victims/survivors of sexual assault, domestic violence, dating violence, or stalking should report the incident promptly to the Title IX Coordinator, Kelley Taylor, by calling, writing or coming into the office to report in person (317 Foy Hall, 334-844-4794) and University of South Alabama Police Department (if the victim so desires.) Reports to the university may also be made online at <https://aub.ie/tixreport>. The university will inform the victim about on-campus and/or off-campus resources and remedial and protective measures, and will discuss the victim's option to contact law enforcement, to pursue the university disciplinary process, or to pursue neither or both. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic violence, dating violence, and stalking; to maintain confidentiality and fairness consistent with applicable legal requirements; and to impose appropriate sanctions on violators of this policy. As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she

¹ This document will use "victim," "survivor," "accuser," and "complainant" interchangeably. The terms "perpetrator," "respondent," and "accused party" are also used interchangeably.

nevertheless should consider speaking with University of South Alabama Police Department (or other law enforcement if the incident occurred outside of campus) to preserve evidence in the event that the victim changes her/his mind at a later date.

If a formal complaint of sexual assault, domestic violence, dating violence, or stalking is made to the university through the Title IX Coordinator, below are the procedures that the university will follow, as well as a statement of the standard of evidence that will be used during any disciplinary hearing on campus arising from such a report.

Incident Type Being Reported: Sexual Assault, Domestic Violence, Dating Violence or Stalking

Evidentiary Standard: Preponderance of the evidence

Initial Procedure Auburn University Will Follow:

1. Assess the survivor's safety and well-being and offer the university's immediate support and assistance;
2. Assess the nature and circumstances of the report;
3. Inform the survivor of the right to seek medical treatment, and explain the importance of obtaining and preserving forensic and other evidence;
4. Inform the survivor of the right to contact law enforcement, decline to contact law enforcement, seek a protective order, and to have university assistance in doing so;
5. Inform the survivor about university and community resources, the right to seek appropriate and available remedial and protective measures, and how to request those resources and measures;
6. Inform the survivor of the option to seek alternative resolution (where available) or formal resolution under these Procedures; ascertain the survivor's expressed preference (if any) for pursuing Alternative Resolution, Formal Resolution, or neither; and discuss with the survivor any concerns or barriers to participating in any university investigation and resolution;
7. Explain the university's prohibition against Retaliation and that the university will take prompt action in response to any act of Retaliation;
8. Ascertain the ages of the survivor and the accused individual, if known, and, if either of the parties is under 18, determine whether the conduct must be reported under state law; and
9. Communicate with appropriate university officials to determine whether the report triggers any Clery Act obligations, including entry of the report in the daily crime log and/or issuance of a timely warning, and take steps to meet those obligations.
10. If a decision is reached to initiate an investigation or to take any other action under the policy that impacts the accused, the university will ensure the accused is notified, receives a written explanation of all available resources and options, and is offered the opportunity to meet to discuss those resources and options.

Assistance for Survivors: Rights & Options

Regardless of whether a survivor elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the university will assist survivors of sexual assault, domestic violence, dating violence, and stalking and will provide each survivor with a written explanation of their rights and options.

Safe Harbor – Advocates for Sexual Assault Survivors

Auburn University strives to foster a community free of sexual assault and interpersonal violence. Sexual assault or intimate partner violence can have a profound impact on one's personal and academic life. For many individuals, Safe Harbor can be the most beneficial first point of contact. Safe Harbor has trained

survivor advocates who have the ability to connect survivors with a variety of available resources. Through Safe Harbor, university personnel will assist survivors in evaluating options and identifying resources to help with immediate and long-term recovery.

Services are available 24 hours a day, 7 days a week for students and employees. To contact Safe Harbor, please call 334-844-7233 (SAFE).

Protection Orders

Protection orders are civil court orders (issued by circuit courts) meant to provide protection and relief to victims of domestic violence.

In Alabama, a protection from abuse order is a court order issued based upon a petition filed under the Protection From Abuse Act (PFA), which provides for limited protection for persons who have been threatened, harassed, or physically abused by a spouse or former spouse; common-law or former common-law spouse; parent; stepparent; child or stepchild who has lived with the abuser; person with whom they have a child in common; person with whom they have or have had a dating relationship; or a present or former household member with whom the victim was engaged in a romantic or sexual relationship.

Victims who need protection may go to the local circuit court (in Lee County, the Lee County Justice Center at 1900 Frederick Road, Opelika, AL 36801) and request a Petition for a Protection From Abuse Order from the circuit clerk. Victims may file this petition without costs and without assistance from an attorney. However, protection orders may involve long-term legal consequences or safety issues so victims are strongly encouraged to contact a lawyer or the Domestic Violence Intervention Center (334-749-1515 or 800-650-6522; www.dvic2.org) before filing for a protection order. Contact information for domestic violence advocates in areas outside of east central Alabama may be found at the ACADV Web site, www.acadv.org or by calling the National Domestic Violence Hotline 1-800-799-7233 (SAFE).

Relief that may be requested includes:

- Order the victim's home or work address, the phone number, or other related information deleted from all records filed with the court concerning the protection order;
- Restrain the defendant from committing or threatening to commit acts of abuse, or from harassing, annoying, telephoning, contacting, or otherwise communicating directly or indirectly with the victim or other designated persons;
- Order the defendant to stay away from victim's residence and place of work or other designated places or persons;
- Award the victim temporary custody of any minor children and restrain the abuser from removing the children from the victim's custody;
- Remove the defendant from the residence, regardless of who owns the residence;
- Prohibit the defendant from selling, disposing, destroying, hiding, or mortgaging mutually owned or leased real estate or personal property;
- Order other relief as necessary to provide for the safety and protection of the victim;
- A victim may request an emergency temporary protection order if needed. Otherwise a final protection order, if granted, is valid for one year or until the court-determined expiration date.

Getting Your Protection Order

If you need assistance with obtaining a protection order you may contact the Domestic Violence Intervention Center or the Auburn University Department of Campus Safety & Security.

You will need to go to court to get a protection order. Auburn University cannot apply for a legal protection order for the victim. You do not have to press charges to get a protection order. This is not a criminal matter.

Important things to say when testifying or making a statement in court:

- Be very specific in your details when describing the stalking or abuse, including date(s), time(s) of day, and other details.
- Describe exactly what the stalker/abuser said and did to you, and make it clear that you are afraid and for what reason(s).
- Describe any injuries to you or anyone else, and any property damage caused by the abuser/stalker (including injuries to any children or pets, destruction to valued objects, etc.).
- Show the judge or magistrate any pictures of injuries or property damage.
- Show the judge or magistrate any communications from the abuser/stalker that made you afraid for your safety.
- For your protection order hearing, have any witnesses testify to the abuse, stalking, injuries, or property damage.

General Information You Should Know About Protection Orders

It is very important to keep a copy of the protection order with you at all times. Keep copies of any of the abuser's criminal convictions. Show these to the police officer, magistrate, prosecutor, or judge if he/she violates the order. It isn't necessary for the abuser to be charged or arrested for any crime for a survivor to request a protection order. If you have questions about protection orders and how to request one, contact the Domestic Violence Intervention Center or the Auburn University Department of Campus Safety & Security.

Once the protection order has been issued:

- Remember that a protection order is a piece of paper that must be respected by the stalker/abuser to be effective. It is also only enforceable after a sheriff's deputy or police officer has served it on the stalker/abuser. After it has been served, if you feel you are in danger, or if the abuser/stalker does not comply with it, call the police immediately (911). If they arrive in time to witness the abuser's violation of the order, they can make an immediate arrest. If not, you may need to get a criminal warrant from the magistrate.
- When you get your copy of the order, make sure it says exactly what you want. If there are errors, it is unclear, it has not been signed, or boxes don't appear to be checked, ask the clerk or your advocate for help.
- Keep a copy with you at all times. This is important if the abuser/stalker violates the order and you must call the police or seek help from other authorities.
- Give a copy to the Title IX Coordinator (if you are a student or employee), your Residence Life staff (if you live in a university residence hall) and your supervisor at work (if you are employed).
- If children are included, make sure anyone responsible for them has a copy.
- If you are planning to or are considering leaving the state, make sure you get a certified copy of your order from the clerk's office. Federal law requires recognition of one state's protection order by others.

Auburn University complies with Alabama law in recognizing orders of protection. Any student or employee who obtains a protection order from Alabama or any other state should provide a copy to the City of Auburn Police Division, the Auburn University Department of Campus Safety & Security, and the Office of the Title IX Coordinator. A complainant may then meet with Auburn Police Division or Auburn University Department of Campus Safety & Security personnel to develop a safety action plan, which is a plan for safety personnel and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, where reasonable, but is not limited to: escorts, special parking arrangements, providing a temporary cell phone, changing classroom location, or allowing a student to complete assignments from home, etc.

Enforcing Protection Orders

Orders issued by Alabama courts are enforceable under Alabama law. A willful violation of a protection order is a Class A misdemeanor and the officer may arrest without a warrant when there is probable cause that the defendant has violated a valid protection order. Victims should immediately contact local law enforcement if

their order is violated.

Out of State Orders

Under the federal Violence Against Women Act and Alabama law, valid protection orders should be given full faith and credit. This means that if a protection order is issued in another state and the victim is in Alabama, Alabama will enforce the valid protection order. Violations of valid protection orders from other states are enforced as if the order were issued by an Alabama court. Law enforcement may arrest without a warrant for any violation of the valid protection order and the punishment upon conviction is a Class A misdemeanor.

Protection orders from other states are valid if:

- The order includes the names of the parties;
- The order contains the date the order was issued;
- The order is not expired;
- The order contains the name of the issuing court;
- The order is signed by a judicial officer;
- The order contains specific terms; and
- The defendant has had notice of the order and an opportunity to be heard.

Registration of Protection Orders

Victims may register their out-of-state protection orders by taking a certified copy of the order to their local circuit clerk's office and requesting that the order be entered into the Alabama Protection Order Database. This is NOT a requirement for enforcement. However, victims should always keep a copy of their protection order with them at ALL times to prove the existence of the order if the defendant violates it. Victims may also choose to give copies of the protection order to their local city police and sheriff departments.

University Protective Actions and Accommodations

The university may issue an institutional no contact order if deemed appropriate or at the request of the survivor or accused. Upon the survivor's request and to the extent of the survivor's cooperation and consent, university offices will work cooperatively to assist the survivor with their health, physical safety, work, and academic status, pending the outcome of a formal university investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, working, or transportation situations regardless of whether the survivor chooses to report the crime to local law enforcement. Examples of options for a potential change to the academic situation may be to transfer the complainant or the accused to a different section of a class; complete a medical withdrawal; or make special arrangements for completing coursework in a non-traditional manner. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours. Possible changes in transportation may include providing alternative parking arrangements for the survivor, or assisting the survivor with a safety escort. To the extent possible, Auburn University will also provide assistance with and/or information about obtaining resources and services such as counseling, health services, visa and immigration assistance, and assistance in notifying appropriate local law enforcement.

Confidentiality

Additionally, personally identifying information about the survivor will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the survivor. (For example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the survivor, as defined in 42 USC 1395 (a) (20).) Further, the university will maintain as confidential any accommodations or protective measures provided to the survivor to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The university does not publish the names of crime victims nor house identifying information regarding victims in the Campus Safety department's daily crime log or online. Victims may request that directory information on file be removed from public sources by request to the Office of Communications & Marketing at 334-844-9999.

How to be an Active Bystander

Auburn University does not tolerate power-based personal violence, and everyone has a role in preventing it. Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the events that could lead to violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. Bystanders may not always know what to do even when they want to help. Below is a list of some ways to be an active bystander. For further information regarding bystander intervention, contact the Division of Student Affairs Office of Health Promotion & Wellness Services at 334-844-1528.

- If you or someone else is in immediate danger, dial 251-460-6312. This may include when a person is being physically abusive towards another, or the conflict seems to be escalating, and it is not safe for you to interrupt.
- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are okay.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

With no intent to blame victims and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org):

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.

- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don't know where you are going, act like you do.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have cab money.
- Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
- Avoid using ear buds or headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together.
- Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, notify police at 911 (emergencies or crimes in progress), 334-501-3100 (non-emergencies), or 334-246-1391 (tip line – text or call).
- Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
- Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from punch bowls or other large, common open containers.
- Watch out for your friends. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- If you suspect you or a friend has been drugged, contact Auburn Police Division by dialing 911. Be explicit with doctors so they can give you the correct tests. (You will need a urine test and possibly other tests as soon as possible after the suspected consumption of the drug to get the most accurate results.)
- If you need to get out of an uncomfortable or scary situation, here are some things that you can try:
 - Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
 - Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - Have a code word with your friends or family so you can let them know you are in an uncomfortable situation without alerting the person who is making you uncomfortable. Your friends or family can then come to get you or make up an excuse for you to leave.
 - Lie. If you don't want to hurt the person's feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
- Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are okay.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Adjudication of Policy Violations

Whether or not criminal charges are filed, a person may file a complaint under the university's *Policy on Sexual and Gender-Based Misconduct and Other Forms of Interpersonal Violence*, alleging that a student or employee was subject to misconduct under the university's policy.

Applicable Policy: *Policy on Sexual and Gender-Based Misconduct and Other Forms of Interpersonal Violence* (<https://aub.ie/tixpolicy>)

Decision-Making Process: Preponderance of the evidence standard

Anticipated Timeline for Resolution: Approximately 60 days (30 days for alternative resolution)

Resolution Options: Alternative resolution (if available) or formal resolution

Major Steps in Policy:

1. The Title IX Coordinator conducts an initial assessment of the report, including discussion with the complainant about health and safety concerns, options, and resources.
2. Resources and protective or remedial measures are provided, as appropriate and requested.
3. If the complainant wishes to pursue disciplinary action, or if the Title IX Coordinator determines that the university's obligations to the health and safety of the complainant and other members of the university community require that disciplinary action be pursued, alternative or formal resolution is pursued, based on the nature of the report and input from the complainant. Alternative resolution can only be pursued if both parties agree, and is not an option in sexual assault cases.
4. The following steps are completed for a formal resolution:
 - a. Investigation;
 - b. Preliminary investigation report;
 - c. Review and response period;
 - d. Notice of responsibility or non-responsibility;
 - e. Impact or mitigation statements;
 - f. Final investigation report;
 - g. Notice of outcomes to both parties;
 - h. Appeal process; and
 - i. Final outcome letter.

Reports of all sexual assault, domestic violence, dating violence, and stalking made to Auburn University Department of Campus Safety & Security will automatically be referred to the Title IX Coordinator for investigation regardless of whether the complainant chooses to pursue criminal charges. The complainant may choose not to participate in the investigation, which may limit the ability of the university to eliminate or address the conduct.

When a complainant does not consent to the disclosure of his or her name or other identifying information to the alleged perpetrator, the university's ability to respond to the complaint may be limited.

The university disciplinary process is consistent with the university's policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct is completed within 60 days of the report; however, the proceedings timeframe allows for extensions for good cause, with notice to the accuser and the accused of the delay and the reason for the delay. The Title IX coordinator, deputy Title IX coordinators, and investigators are trained annually on the issues related to sexual assault, domestic violence, dating violence, and stalking and taught how to conduct an investigation and hearing process that protects the safety of the survivor and promotes accountability while protecting due process. University policy provides the following expectations for complainants and respondents:

- Prompt and equitable resolution of allegations of violations of the *Policy on Sexual and Gender-Based Misconduct and Other Forms of Interpersonal Violence*;
- Privacy in accordance with university policy and any legal requirements;

- Reasonably available interim remedial measures
- Freedom from Retaliation for making a good faith report of Prohibited Conduct or participating in any proceeding under the Policy;
- The responsibility to refrain from Retaliation directed against any person for making a good faith report of Prohibited Conduct or participating in any proceeding under the Policy;
- The responsibility to provide truthful information in connection with any report, investigation, or resolution of Prohibited Conduct under the Policy or these Procedures;
- Timely notice of any meeting or proceeding at which the party's presence is expected under these Procedures;
- The opportunity to have an advisor of choice, including the right to have that advisor attend any meeting or proceeding at which the party's presence is expected under these Procedures;
- Written notice of an investigation, including notice of potential Policy violations and the nature of the alleged Prohibited Conduct;
- The opportunity to challenge the Investigator or any decision maker for actual bias or conflict of interest;
- The opportunity to offer or present information and identify witnesses during an investigation;
- Timely and equal access to any information that will be used during Alternative or Formal Resolution proceedings and related meetings;
- The opportunity to be heard prior to the final determination of a Policy violation and the imposition of any sanction(s);
- Reasonable time to prepare any response allowed by these Procedures;
- Written notice of any extension of timeframes for good cause, and the reason for the extension;
- Written notice of the outcome of any Formal Resolution proceedings, including the determination of a Policy violation, imposition of any sanction(s), and the rationale for each;
- The opportunity to appeal the decision of the Investigator on the bases of procedural error that materially impacted the outcome; lack of sufficient evidence to support the Investigator's finding(s) by a Preponderance of the Evidence; sanction(s) grossly disproportionate to the violations committed, considering relevant aggravating and/or mitigating factors; or substantial new evidence that was not previously available, but that would materially impact the outcome.

Confidentiality

The university will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law and as previously mentioned in this document.

Where the Title IX Coordinator has determined that the university must proceed with an investigation despite a Complainant's request that personally-identifying information not be shared with the Respondent, that no investigation be pursued, and/or that no disciplinary action be taken, the Title IX Coordinator will make reasonable efforts to protect the privacy of the Complainant. However, actions that may be required as part of the University's investigation typically involve speaking with the Respondent and others who may have relevant information, in which case the Complainant's identity may have to be disclosed. In such cases, the Title IX Coordinator will notify the Complainant that the University intends to proceed with an investigation, but that the Complainant is not required to participate in the investigation or in any other actions undertaken by the University.

Sanctions and Protective Measures

In all cases, investigations that result in a finding of more likely than not that a violation of the *Policy on Sexual and Gender-Based Misconduct and Other Forms of Interpersonal Violence* occurred will lead to the initiation of disciplinary procedures against the accused individual. University sanctions including those listed below may be imposed upon those determined to have violated this policy. Sexual assault, domestic violence, dating violence, stalking, and harassment are criminal acts which also may subject the perpetrator to criminal

and civil penalties under federal and state law.

Possible sanctions for students found responsible for violating the policy include admonition, warning notice, reprimand, disciplinary probation, restitution, suspension held in abeyance, suspension, expulsion, and no trespass order.

Possible sanctions for employees found responsible for violating the policy include informal and formal counseling, written reprimand, written final reprimand, suspension with or without pay, demotion, transfer of position, removal of administrative appointment, recommended initiation of tenured faculty dismissal process, performance improvement plan required education/training, loss of annual pay increase, loss of supervisory responsibility, termination of employment, and no trespass order.

Possible sanctions for third parties found responsible for violating the policy include termination of relationship with the university, withdrawal of privileges of being on university premises, and no trespass order.

The Title IX Coordinator or their designee will determine whether interim interventions and protective measures should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a university order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved. Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Auburn University.

The university will disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report of the results of any disciplinary proceeding conducted by the university against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Registered Sex Offender Search Sites

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, volunteers services, or is a student.

In Alabama, convicted sex offenders must register with local law enforcement in each county/municipality where the offender intends to reside, be employed, or attend school.

Drug-Free Campus and Workplace Policy Statement

The full *Drug-Free Campus and Workplace Policy* can be found on the university's policies Web page at www.auburn.edu/policies. The Drug and Alcohol Abuse Prevention Program can be found at www.auburn.edu/campussafety. Below is a summary of the policy and program.

No employee will report for work, will work, or be present in the workplace that is impaired by an illegal drug or by alcohol. No student, who is impaired by illegal drugs or alcohol, will attend classes or any other university activity.

The Auburn University Department of Campus Safety & Security and the Montgomery Police enforce all liquor laws, including underage drinking violations, and all federal and state drug laws.

Disciplinary Sanctions

The university will impose sanctions (consistent with local, state, and federal law) upon all employees and students who violate these standards of conduct. Such sanctions may include but are not limited to:

- Referral for prosecution;
- Probation, suspension, or expulsion of students;
- Suspension or termination of employees.

Education and Treatment Programs

The university has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The program provides services related to drug use and abuse including information/education resources, self-help resources, and professional treatment. Educational and treatment programs are available to students and employees of Auburn University. Programs include the following:

Employee Assistance Program (EAP): Auburn University's EAP provides information and referral to employees about a variety of topics, including alcohol and drugs.

Auburn University Medical Clinic (AUMC): AUMC provides students and employees medical evaluation for alcohol and other drug concerns, treatment and/or referral for intensive inpatient or outpatient services, when indicated.

Student Counseling Services (SCS): SCS provides assessment, education, and first-level intervention (individual & group counseling) for students with alcohol and other drug concerns. Referrals are provided for intensive inpatient or outpatient services when indicated. Educational information on alcohol and other drugs is available through SCS. Staff is available to provide campus-wide educational programs upon request. Additional educational resources/links are available at www.auburn.edu/scs under the "Mental Health Screening" tab at the top of the home page.

Auburn University Pharmaceutical Care Center (AUPCC): The AUPCC is located on the second floor of the Harrison School of Pharmacy (HSOP) which is located in the Walker Building on campus. The AUPCC offers the "Pack It Up" tobacco cessation program for employees and students who wish to stop smoking or stop using smokeless tobacco products. This individualized service is provided by pharmacy faculty, post-doctoral pharmacy residents, and senior pharmacy students. Pharmacists meet with each patient one-on-one to evaluate readiness to quit using tobacco and assess whether a medication (such as nicotine replacement therapy, bupropion, varenicline, etc.) might be beneficial. If a prescription product is appropriate, the

pharmacist coordinates this care by working with the patient's physician. Exhaled carbon monoxide levels are monitored to provide feedback for smokers during the quit attempt. Pharmacists provide continued monitoring, assistance, and support.

East Alabama Mental Health Center: Intensive outpatient treatment for substance abuse problems is available through: Opelika Addictions Center and Russell County Addiction Center.

Private Alcohol and Drug Treatment Programs: A number of private programs are operated in proximity to Auburn University, throughout Alabama, and in neighboring states. Those programs are too numerous to list, but information may be obtained from the above referral sources.

Auburn University Health Promotion and Wellness Services (HPWS)

This office is responsible for developing and implementing alcohol and drug prevention programs, such as the Tiger Education and Screening Intervention (TESI) and the Auburn University Recovery Community. Auburn University encourages all current and prospective students and employees to review the report(s) specific to the campus(es) they attend and make themselves familiar with the content.

Annual Disclosure of Clery Act Crime Statistics

The statistics on the following pages are provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Crime statistics include reports made in good faith which are collected from the City of Auburn Police Division, other law enforcement agencies, the Auburn University Department of Campus Safety & Security, and designated “campus security authorities” as defined under the Clery Act (including, but not limited to Residence Life, Student Conduct, Athletics, and the Title IX Coordinator). Statistics are compiled and published by the Auburn University Department of Campus Safety & Security. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

Statistics for separate campuses are not included in the following charts, but are instead broken out and published in each separate campus’ Annual Security Report or Annual Security & Fire Safety Report.

A comprehensive list of all law enforcement agencies exercising jurisdiction over properties owned or controlled by Auburn University is maintained by the Auburn University Department of Campus Safety & Security. Each year, requests are sent to each of these agencies requesting crime statistics for the previous calendar year. Follow up phone calls are placed to any non-reporting agency and documented for reporting purposes.

Additionally, Campus Security Authorities (as previously defined in this report) are contacted annually to request any crime reports for the previous calendar year that may have not previously been submitted to the Auburn University Department of Campus Safety & Security. Referrals for disciplinary action are requested from the university’s Title IX Coordinator, Office of Student Conduct, University Housing & Residence Life,

and Human Resources.

Once all statistics are gathered from each reporting source, they are compiled, reviewed, and published in the appropriate Annual Security Report or Annual Security & Fire Safety Report.

If you have any questions about how statistics are gathered, categorized or reported, please visit the Office of Postsecondary Education Campus Security Search (<http://ope.ed.gov/security>), or contact Auburn University Campus Safety & Security at 334-844-2207 or crimereport@auburn.edu.

¹The Student Housing Facility category is a subset of the On Campus category, and is not included in the total in order to avoid double counting.

²The administration of a date rape drug is considered poisoning, which is a form of aggravated assault. According to Department of Education guidance, all allegations made in good faith of the administration of a date rape drug are included in these statistics, regardless of whether there is substantive evidence to prove the allegation.

Clery Act Reporting Definitions

The Clery Act specifies the categories of crimes and specific geographic locations that must be included in annual crime statistics. This allows students, parents, and employees to make reasonable comparisons of crime rates at different institutions.

Geographic Locations Included

For purposes of reporting statistics, the university must count criminal offenses according to where they occur. There are four geographic locations for which statistics must be reported. These include:

On Campus: (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area (generally within one mile of the edge of the core of campus) and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and (2) any building or property that is within or reasonably contiguous to the area identified in paragraph (1), that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or retail vendor).

On-Campus Student Housing Facilities: Any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility. This includes fraternity houses where the land is owned by the university but the building is owned by the fraternity.

Crime statistics for on-campus student housing facilities must be reported as a subset of the on-campus totals (i.e. they are included in both on-campus and on-campus student housing facility categories).

Non-Campus: (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public Property: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus. This generally includes, but is not limited to, public streets bordering the campus and the sidewalk on both sides of the street.

We are required to report statistics for hate crimes for the following classifications: murder/non-negligent manslaughter, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property. If a hate crime occurs where there is an incident involving larceny, vandalism, intimidation or destruction/damage/vandalism of property, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of this report.

Unfounded Crimes:

Auburn University may withhold a reported crime from its crime statistics only if sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” According to Department of Education federal regulations, only sworn or commissioned law enforcement personnel may “unfound” a crime report for purposes of Clery crime statistics reporting. Auburn University is required to report to the Department of Education and disclose in this report the total number of crimes that were unfounded and subsequently withheld from its crime statistics, effective beginning with calendar year 2014.
