Recreation & Wellness Center:

Construction Cost: $53 million. The project is on schedule and within budget. The Notice to Proceed was issued to all contractors May 11, 2011 with a completion date of May, 2013. The contractors are beginning to mobilize to the site, and the project site fence has been erected. Demolition is underway, as well as the installation of new underground utilities. In an effort to promote communication and awareness about this project, several information kiosks are being installed around the project site. Communication with students, faculty, staff, pedestrians, vehicular traffic, and the general public continues to be a top priority. The Campus Recreation staff has vacated the Student Activity Center to allow demolition to begin in that area.
