Auburn University Job Description

Job Title: Coord, Advising Technologies
Job Code: AA33
FLSA status: Exempt

Job Family: No Family
Grade 35: $51,900 - $86,400

Job Summary
Reporting to the Director of University Advising, the Advising Technologies Coordinator provides support and coordination for university advising and student success technologies. Serves as the project manager and point of contact for the EAB Navigate software, known as Advise Assist at Auburn University, to provide functional and technical support and oversees the Early Alert Grade program. Provides professional level coordinated services to identify and assist students who are at risk of academic failure.

Essential Functions
1. Supports functional users in advising and tutoring in daily use of the platform keeping them informed of new features; prepares for upcoming changes to the system; solves complex issues; provides updates on issues as they are resolved; and provides user support in responding to questions or concerns.
2. Supports campus wide leadership team responsible for decisions impacting broad functionality of advising and student retention technologies. Makes recommendations to functional leaders (directors of student services, tutor coordinators, specialists, etc.) on setup and use of available information in the platform to support business processes to promote student success. Leads super-user group and specialist groups and applies their input in making system-wide decisions.
3. Maintains the administrative and functional settings and features in the platform including but not limited to roles, locations, reason codes, settings, etc. and proactively communicates with users to adjust settings to accommodate needs. Monitors and schedules file transfers to the platform; ensures all settings are correct and updated; troubleshoots files when issues are identified to determine causes and solutions; oversees the set-up of the test site; and performs routine security audits on users and communicates with offices as needed.
4. Coordinates functional use of the platform as primary contact with vendor through regular communication with EAB to plan for functional updates, optimize use of available features, and troubleshoot functional issues.
5. Develops and provides training materials and professional development opportunities focused on student success and utilization of advising and student success technologies for Academic Advisors and other student support professionals.
6. Oversees and coordinates the Early Alert Grade process, schedules reports to run and ensures its listing in the academic calendar. Communicates with and assists faculty, Biggio Center, and OIT as needed to respond to questions and troubleshooting challenges when submitting grades. Communicates to and notifies students directly regarding their early alert grades. Sends reports to colleges, schools, and campus partners regarding their student’s early grade reports and of early performance in their course.
7. Proactively provides data and support to colleges to promote student success including, but not limited to, coordination and reporting of student success data, oversight, review, and maintenance of success markers in Advise Assist, and committee support.
8. May perform other duties as assigned.
Auburn University Job Description

Supervisory Responsibility

May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
