Auburn University Job Description

Job Title: Mgr, Instructional Technology
Job Code: AC03
FLSA status: Exempt

Job Summary
Manages instructional technology services in support of faculty or outreach programs to provide technology-enhanced delivery of instruction.

Essential Functions

1. Provides leadership and initiative in the identification, evaluation, recommendation, design, development and deployment of instructional technology.
2. Collaborate with faculty, department heads, architects, OIT, and others as appropriate on the concept and scope of multimedia or instructional technology projects.
3. Manages projects involving coordination with own team members as well as OIT, Facilities, Telecommunications, or others.
4. Secures funding and manages budgets and expenditures related to instructional technology.
5. Develops and delivers training classes or workshops to faculty and staff in use of instructional multimedia technologies to support distance learning and other instructional objectives.
6. Develops operational processes and standards for instructional technology programs, investments, and activities.
7. Serves as point of contact for Instructional Technology department.
8. Selects faculty/instructors for non-credit outreach courses.
9. Produces video projects in support of instruction and or distance learning.

Supervisory Responsibility
Supervises others with full supervisory responsibility.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
