Auburn University Job Description

Job Title: Assoc Registrar-Info Tech
Job Code: AD32
FLSA status: Exempt

Job Summary
Under general direction of the University Registrar, oversees the daily operations of the Office of the Registrar including, but not limited to, all student registration processes, residency advising, academic honesty violations, transcript functions, class scheduling, athletic compliance, and graduation. Primarily responsible and accountable for the security and integrity of all electronic student records which exist within the Banner Student Information System.

Essential Functions
1. Collaborates with the University Registrar, Associate Registrars, Assistant Registrars, and other critically involved parties to ensure academic integrity is upheld. Recommends changes and/or updates to University policy and develops and implements initiatives and programs utilized for student academic pursuits. Responsible for identifying the need for data and tech-related policy changes and/or new policies for the University.
2. Acts as campus liaison for the Office of the Registrar and is responsible for communicating University policies and procedures as they relate to the functions and operations of the Office of the Registrar in accordance with current Alabama legislation and FERPA guidelines. Responsible for maintaining expansive knowledge of any modification in University policies, regulations, procedures, and curriculum and must ensure adherence to stated doctrines by all University parties.
3. Oversees all Office of the Registrar information technology responsibilities including, but not limited to, campus-wide enterprise systems such as the Banner Student Information System, Degree Works, and Astra Scheduling. Manages and supervises a team of professionally-skilled individuals responsible for all University transcript functions.
4. Evaluates and reviews all third party vendors utilizing any integration with or extraction from the Banner Student Information System to ensure compliance with data policies and procedures and to ensure the integrity of the University's academic student records is upheld.
5. Acts as the steward of instructional spaces to ensure the optimum use of classroom and other instructional spaces for course delivery. Supports facility/class scheduling and management.
6. Conducts training on data governance and data integrity to various entities across campus. Speaks with knowledge and credibility to various entities and individuals of all levels across the University regarding data security and the integrity of student records.
7. Actively seeks technological solutions to further student success, goals, and initiatives. Creates assessment techniques for determining effectiveness of the information security process.
8. Supervises Office of the Registrar staff and resources. Responsible for appraising performance, making salary recommendations, and ensuring that the training and development needs of staff are met.
9. Performs selected duties of the University Registrar in his/her absence including, but not limited to, representation on committees, attending meetings, and giving formal presentations.

Supervisory Responsibility
Full supervisory responsibility for other employees is a major responsibility and includes training,
