
Auburn University Job Description

Job Title:	Ambulatory Care Pharmacist	Level I	Grade 39 \$89,000 - \$148,400
Job Code:	EA72	Level II	Grade 40 \$102,500 - \$170,700
FLSA status:	Exempt		

Job Summary

Provides medication therapy management, customer focused pharmaceutical care, and oversees the efficient dispensing, processing and recording of prescriptions and other health services, on and off campus, to ensure optimal clinical and economic outcomes of medication use.

Essential Functions

1. Provides medication therapy management consultation and other pharmaceutical care services in a manner that facilitates the achievement of both a high level of customer satisfaction and the attainment of organizational care and service initiatives.
2. Reviews prescribed medications and dosages to ensure that therapy is safe and effective for the patient's condition.
3. Reviews, corrects and fills prescriptions, and oversees prescriptions prepared by technicians and students.
4. Provides pharmaceutical care outreach to targeted clients and groups in the community and state.
5. Contributes to the education mission of the Health Services Unit.
6. Participates in Health Services initiatives.

Supervisory Responsibility

May supervise employees but supervision is not the main focus of the job.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.

Auburn University Job Description

Job Family Levels

Level	Responsibility	Knowledge	Education and Experience*
I	Under general supervision, performs complex duties and assignments involving judgment. Resolves moderate to complex questions or problems, referring only extremely complex issues to higher level and considerable latitude may be needed. Some evaluation, originality and ingenuity required but mostly following protocol. Confers with supervisor on unusual matters. Coordinates the work of others on projects and may assign work to and assist less experienced professionals or support staff. May act in an advisory capacity to managers or faculty.	Knows and applies advanced concepts, practices, and procedures of particular field of specialization.	PharmD in pharmacy and completion of a one year residency program or equivalent.
II	Under minimal supervision, performs complex assignments and fulfills broad responsibilities where required outcomes are defined, but methods and procedures may vary based on professional judgment or precedent. Considerable latitude for unreviewed action. Confers with supervisor on unusual matters. Coordinates the work of others on projects and may assign work to and assist less experienced professionals or support staff. May act in an advisory capacity to managers or faculty.	Possesses and applies a broad knowledge of principles, practices and procedures of a particular field of specialization to the completion of difficult assignments.	PharmD in pharmacy and completion of a one year residency program or equivalent plus an additional 2 years experience at the preceding level or equivalent.

* See the "Minimum Required Education and Experience" section of the job description for any substitutions that may be allowed for education and experience.

Auburn University Job Description
