Auburn University Job Description

Job Title: Tech, Safety & Health
Job Code: EE05
FLSA status: Non-exempt

Job Summary
Performs technical duties to include providing support for Auburn University environmental, safety and health programs; to recognize, eliminate, and control safety and health hazards and to ensure compliance with regulatory requirements, national consensus standards and the Auburn University Safety Policy. Areas of specialization: This job may specify responsibilities pertaining to competencies necessary for one or more focused position specializations. These include the following areas: Safety and Health Inspection; Medical Surveillance Programs; Industrial Hygiene; Food Safety Inspection; Laboratory and Building Safety Inspection; Fume hood Certification; Safety Cabinet Certification; Hazardous Waste Management; Radiological Management

Essential Functions
1. May participate in the chemical spill emergency response team.
2. Institutes control and remedial measures for hazardous and potentially hazardous conditions.
3. Prepares reports and makes recommendations for control and correction of hazards.
4. Instructs employees in matters pertaining to safety and health, including (but not limited to) personnel exposure and general environment mentoring and training.
5. Conducts safety inspections, certifications and sample collection as required.
6. Coordinates the disposal and/or elimination of safety hazards, hazardous water, radiological waste, and pathological waste.

Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
