
Auburn University Job Description

Job Title:	Assoc Dir, Lab Safety	Job Family:	No Family
Job Code:	EE10	Grade 37:	\$67,300 - \$112,100
FLSA status:	Exempt		

Job Summary

Directs laboratory safety services and programs to provide a safe working environment for the Auburn University community.

Essential Functions

1. Directs the development, management, and implementation of policies and programs related to laboratory safety.
2. Directs the inspections for university laboratories and coordinates safety violation resolution through investigations, recommendation of corrective/preventative measures, and the development/implementation of programs needed to lessen or eliminate the probability of a reoccurrence.
3. Oversees programs designed to monitor, inspect, and ensure compliance with corrective or preventative actions taken to lessen or remove lab safety hazards.
4. Advises others on issues related to fire and life safety, occupational safety, and health issues relevant to their laboratory operations.
5. Directs development and implementation of training programs related to safety and health needs of Auburn personnel.
6. Manages budgets for programs and departments within fire and life safety, industrial hygiene, and occupational safety.
7. Coordinates program implementation and management with department and unit managers to ensure financial and operational effectiveness.

Supervisory Responsibility

Supervises others with full supervisory responsibility.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
