Auburn University Job Description

Job Title: Coord, Quality Systems

Job Code: HC42

FLSA status: Exempt

Job Summary
Responsible for documentation relating to plasma collection for the unit and trains others in procedural changes ensuring that all regulations and processes are in compliance with department operating procedures.

Essential Functions
1. Responsible for collecting process changes from others and forwarding to a committee for approval.
2. Adds approved process changes to the Standard Operating Procedures Manual on an as needed basis.
3. Trains all employees of newly approved process changes.
4. Trains all newly hired or transferred employees of procedures related to the research project.
5. Ensures all equipment and maintenance schedules are kept up to date and arranges for equipment pick-up if required.
6. Responsible for conducting annual field audits on all processes and producing reports of the results.

Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
