Auburn University Job Description

Job Title: Dir, Instruct & Research Labs  
Job Code: HC51  
FLSA status: Exempt  
Job Family: No Family  
Grade 35: $51,900 - $86,400  

Job Summary
Responsible for the overall operation, leadership, direction, and administration of the laboratories in accordance with governmental regulations.

Essential Functions

1. Directs and oversees the submission of annual reports on research activities and expenditures and educational activities and production of degrees to governmental and scientific organizations ensuring compliance with regulatory and professional standards by national and professional organizations and government agencies that sponsor scientific research.

2. Serves as a liaison with environmental, safety, risk management and regulatory agencies to arrange laboratory safety and environmental inspections as well as completes reports and responds to agency recommendations.

3. Monitors and reports on the chemistry building, its internal infrastructure and the department's teaching and research facilities, e.g. specialized equipment and storage and processing of chemicals, gases, and reactive materials.

4. Administers the undergraduate laboratories to include the coordination of teaching assistant assignments.

5. Assembles and reports data pertaining to undergraduate degree requirements, assessments, and accreditations.

6. Maintains student records and faculty-approved policy documents pertaining to the graduate degree programs and advises the Graduate Program Officer on graduate student eligibility for assistantships and progress toward degrees.

7. Identifies and prioritizes laboratory equipment purchases.

8. Coordinates department activities pertaining to graduate and undergraduate recruiting and outreach.

Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
