Job Title: Coord, Data Rptg & Analysis
Job Code: HC91
FLSA status: Exempt

Job Summary
Under general supervision by the Director, University Career Center, the Data Reporting and Analysis Coordinator coordinates data reporting efforts for the University Career Center to ensure effective and efficient management of data. Serves as the Salesforce Functional Administrator and assists with the management of the Handshake job database platform.

Essential Functions

1. Performs maintenance, implementation, training, and support for data within the unit's programs to support well-informed decision making. Serves as the Functional Administrator for Salesforce CRM and provides troubleshooting for Salesforce uses that reside in the University Career Center.

2. Responsible for the student outcome process, which includes a six month follow-up survey for recent graduates, First Destination Survey to include survey administration, checking for data accuracy, following up on inconsistencies and coordinating the student research process. Runs custom queries and reports, imports/exports data from Qualtrics, uses pivot tables to verify and analyze data at an advanced level. Completes required reporting for National Association of College and Employers.

3. Works with the University Career Center Employer Relations team to provide oversight of the career management software, Handshake platform, with a focus on reporting, data management (employer and student), employer/user account management, and training. Monitors, evaluates, and communicates Handshake utilization metrics to staff and campus partners to guide career center operations.

4. Assists in developing, maintaining, and updating data elements within Salesforce with an emphasis on student outcomes, and event management. Creates and enhances reporting tools (i.e., dashboards) to provide metrics identifying potential student success factors.

5. Oversees the University Career Center website.

6. Assists with providing data required for Salesforce to include data that is atypical to other parts of the University. Gathers and provides information for input.

7. Consistently provides input on how to improve internal efficiencies, grows knowledge, and maintains awareness of best practices and market trends.

8. Performs other duties as assigned.

Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
