Auburn University Job Description

Job Title: Supv, Radiology Services
Job Code: IA10
FLSA status: Exempt
Job Family: No Family
Grade 32: $35,000 - $58,400

Job Summary
Conducts radiography of animals; lectures and instructs veterinary students in radiological technology.

Essential Functions
1. Conducts radiography of clinical cases that are used as wet-labs to reiterate the principles of veterinary radiological technology.
2. Instructs senior veterinary students on the subject of veterinary technology.
3. Maintains and coordinates all radiology aspects of the computerized veterinary information system as a super-user.
4. Answers questions from clients, students, clinicians, and referring veterinarians regarding radiographic technology, equipment, and supplies, as well as the scheduling of exams and duplication/digitization of radiographic images.
5. Monitors and maintains all clinical case schedules, logs, charges, files, and locations of clinical case files.
6. Tracks, maintains, and purchases inventory needs specific to the veterinary radiology section.

Supervisory Responsibility
Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
