Knowledge of lab animal custodial regulations and guidelines, sports biomechanics or exercise physiology, laboratory techniques, safety procedures, and teaching principles.

Experience (yrs.) 7 Experience in research practices and protocols

Substitutions allowed for Education:
Indicated education is required; no substitutions allowed.

Substitutions allowed for Experience:
When a candidate has the required education, but lacks the required experience, they may normally apply additional appropriate education toward the experience requirement, at a rate of one (1) year relevant education per year of required experience.

Minimum Required Knowledge
Knowledge of lab animal custodial regulations and guidelines, sports biomechanics or exercise physiology, laboratory techniques, safety procedures, and teaching principles.

Certification or Licensure Requirements
None Required.

Physical Requirements/ADA
Occasional and/or light lifting required. Limited exposure to elements such as heat, cold, noise, dust, dirt, chemicals, etc., but none to the point of being disagreeable. May involve minor safety hazards where likely result would be cuts, bruises, etc.

Externally imposed deadlines; set and revised beyond one’s control; interruptions influence priorities; difficult to anticipate nature or volume of work with certainty beyond a few days; meeting of deadlines and coordination of unrelated activities are key to position; may involve conflict-resolution or similar interactions involving emotional issues or stress on a regular basis.

Job frequently requires standing, sitting, talking, hearing, handling objects with hands, and lifting up to 25 pounds.

Job occasionally requires walking, reaching, climbing or balancing, stooping/kneeling/crouching/crawling, and lifting up to 100 pounds.

Vision requirements: Ability to see information in print and/or electronically.

Date: 10/19/2015
