Auburn University Job Description

Job Title: Dir, Perioperative Services
Job Code: IA24
FLSA status: Exempt

Job Family: No Family
Grade 35: $51,900 - $86,400

Job Summary
Directs the work, duty schedule and training of staff members in the Perioperative section for both large and small animals at the Veterinary Teaching Hospital (VTH).

Essential Functions

1. Directs and oversees the work of staff members in the anesthesia service, surgical service, and sterile processing for both large and small animal at the VTH; ensures the technicians are cross-trained and provide adequate coverage.
2. Manages inventory for both large and small animal to ensure appropriate supplies are on-hand and are ordered in a cost effective and fiscally responsible manner.
3. Directs functions and operations of surgery from pre-operative care through post-operative care to ensure efficiency and patient safety; triage and coordinate the day-to-day flux of patients to ensure that needs are met.
4. Manages all aspects of staffing for technicians to provide surgical and anesthesia coverage on an "on call" basis 24/7 to include management of schedules, time sheets, and the hiring and firing of employees.
5. Oversees finances, payroll, human resources and overall management of surgery and anesthesia areas; keeps supervisor up-to-date on potential issues.
6. Creates and manages a cohesive billing and charge structure that encompasses surgery, anesthesia and sterile processing, as well as inventory management.

Supervisory Responsibility
Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
