Auburn University Job Description

Job Title: Tech, Surgical Serv

Essential Functions

1. Assists with ordering and receiving consumable medical supplies ensuring inventory levels are appropriate.
2. Assists in accounting for and maintaining equipment used in surgical and sterile preparation procedures.
3. Properly sterilizes, decontaminates, packs, and wraps surgical equipment and instrumentation.
4. Performs minor maintenance of surgical and sterile equipment or arrange for the repair and maintenance of equipment that can not be repaired in-house.
5. Ensures surgical rooms are properly equipped for each specific procedure.
6. May perform pre-operative surgical scrub preparations/positioning of the animals.
7. May assist in coordinating surgical schedules.
8. May oversee the cleaning and maintenance of operating rooms, preparation room, and induction rooms.
9. May perform a variety of administrative duties such as, but not limited to, posting client charges for supplies used, maintaining surgery logs, reviewing and verifying the supply invoices for supplies and equipment received, and maintaining records for the use and testing of sterilization equipment.

Job Summary

Responsible for ensuring surgical rooms and instruments are sterilized, equipped, and supplied appropriately.

Supervisory Responsibility

May supervise employees but supervision is not the main focus of the job.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
