Auburn University Job Description

Job Title: Tech, Engineering
Job Code: JB03
FLSA status: Non-exempt

Performs work associated with laboratory and/or research equipment installation, fabrication, maintenance, and/or repair.

Essential Functions
1. Installs, tests, repairs, and maintains equipment used in research and instruction.
2. Schedules testing and use of equipment.
3. Instructs and assists students and faculty in the proper use of research-related and/or instructional equipment and models while following safe operating procedures.
4. Oversees inventory and security of equipment and supplies for laboratory and/or fabrication shop.
5. Assists with the design of prototype equipment, instruments, devices, components, and systems.
6. Operates machinery and equipment associated with research and/or instruction.

Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.

Focus of Education
Coursework in Engineering related field

Focus of Experience
Experience in the practices of assisting in engineering design and manufacturing

Substitutions allowed for Education:
Indicated education is required; no substitutions allowed.

Substitutions allowed for Experience:
When a candidate has the required education, but lacks the required experience, they may normally apply additional appropriate education toward the experience requirement, at a rate of one (1) year relevant education per year of required experience.

Minimum Required Knowledge

Certification or Licensure Requirements:
May require position specific certifications such as field testing technician certification and concrete technician certification.

Physical Requirements/ADA

Regularly involves lifting, bending or other physical exertion. Often exposed to one or more elements such as heat, cold, noise, dust, dirt, chemicals, etc., with one often to the point of being objectionable. Injuries may require professional treatment.

Externally imposed deadlines; set and revised beyond one's control; interruptions influence priorities; difficult to anticipate nature or volume of work with certainty beyond a few days; meeting of deadlines and coordination of unrelated activities are key to position; may involve conflict-resolution or similar interactions involving emotional issues or stress on a regular basis.

Job frequently requires standing, walking, reaching, stooping/kneeling/crouching/crawling, talking, hearing, handling objects with hands, and lifting up to 25 pounds.

Job occasionally requires sitting, climbing or balancing, and lifting more than 100 pounds.

Vision requirements: Ability to see information in print and/or electronically.

Date: 1/5/2012
