Auburn University Job Description

Job Title: Coord, IT Project Mgmt
Job Code: MA19
FLSA status: Exempt

Essential Functions

Job Summary
Under general supervision, supports the Project Management department in the production and maintenance of the project library, recording and reporting systems. Works with the team manager through data collection and analysis to provide strategic and meaningful advisory service to clients.

1. Coordinates the production of all reports and produces project summary reports to include proposal preparations, execution plans, work breakdown structure, project timelines and budget details by working closely with the team members of the Project Management Office; helps to ensure accurate and consistent status updates of deliverables and reporting.

2. Advises and assists project team members in the consistent application of project procedures, forms, disciplines and reporting standards. May assist the core team to perform detailed and specific data mapping required to support the project.

3. Develops and supports effective communication mechanisms between the project teams and potential clients.

4. Maintains risk and issue logs and change control reports, providing details to management as needed.

5. Undertakes any other administrative tasks as specified by the Associate Director and Project Managers.

Supervisory Responsibility
May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
