Auburn University Job Description

Job Title: Supv, Security Tech
Job Code: NB32
FLSA status: Non-exempt

Job Summary
Provides on-site supervision of security technicians and security projects by managing and assisting in the functions associated with the installation of security devices throughout campus.

Essential Functions

1. Plans and organizes project requirements with other departments so that appropriate personnel and materials are available for the project’s timely completion.
2. Manages and coordinates the work and responsibilities of security personnel by reviewing tasks, inspecting job sites, revising instructions, and conferring with other supervisors.
3. Maintains records and documentation of work activities, supplies, and equipment for accountability.
4. Communicates with others to keep them informed of activities and answer questions.
5. Investigates and resolves on campus security violations that are reported.

Supervisory Responsibility
Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
