Auburn University Job Description

Job Title: Supv, Carpentry
Job Code: NB39
FLSA status: Non-exempt

Job Summary
Provides on-site supervision and has responsibility for organizing and managing the carpentry project requirements across campus.

Essential Functions
1. Plans and organizes major projects that require coordination with other shops such as renovation and repair/maintenance projects so that appropriate personnel and materials are available for the project's timely completion.
2. Manages the work of the Carpentry Shop in completing all construction, maintenance and repair activities.
3. Communicates with others to keep them aware of activities, maximize effectiveness and efficiency of department, and answer questions.
4. Documents project information and employee information on required forms and submits via the computer or through appropriate paperwork channels.

Supervisory Responsibility
Full supervisory responsibility for other employees is a major responsibility and includes training, evaluating, and making or recommending pay, promotion or other employment decisions.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
