Auburn University Job Description

Job Title: Mgr, Campus Mech & Elec Sys
Job Code: NC07
FLSA status: Exempt

Job Family: No Family
Grade 37: $68,700 - $114,500

Job Summary
Manages personnel and budgets for multiple shops within the Facilities Management. Responsible for the daily maintenance and repair of mechanical and electrical systems within university buildings.

Essential Functions
1. Leads the HVAC, Plumbing, Electrical, Preventive Maintenance and Automotive Shop workforce by providing daily direction and supervision over the personnel. Resolves personnel issues and takes personnel actions, as appropriate, such as recruiting, hiring, counseling, disciplinary actions, and performance appraisals.
2. Directs and enforces the safety program within the department.
3. Develops plans, programs, and processes to maintain the mechanical and electrical systems in University buildings across campus, to include preventive maintenance, work orders, system repairs, and system replacements.
4. Systematically assesses condition of mechanical and electrical systems across campus. Develops short and long range maintenance plans to address key systems issues. Execute projects to repair and improve system performance.
5. Manages the execution of HVAC, plumbing and electrical projects to meet critical milestones and client requirements. Manages contracts to execute work, as required, to accomplish required projects.
6. Develops and manages the departmental operating budget to ensure labor, material, overtime, and contract expenditures are maintained within allowed targets.
7. Develops maintenance/repair programs and processes for mechanical and electrical systems across campus to ensure they are operating properly and efficiently.
8. Develops plans and executes projects to reduce energy and utility use in campus buildings.

Supervisory Responsibility
Supervises others with full supervisory responsibility.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
