Auburn University Job Description

Job Title: Mgr, Utilities
Job Code: NC28
FLSA status: Exempt

Job Summary
Manages the Utilities Department and Water Treatment Department, which include district water and steam plants, primary electrical substations, the campus distribution system, domestic water, natural gas, sanitary/storm sewer systems, all underground distribution systems, and utility records.

Essential Functions
1. Manages the daily operations and maintenance of all district energy plants and their distribution systems, as well as Utility Services and Water Treatment units.
2. Develops and oversees daily operating budgets for the utilities department.
3. Prepares, directs, and manages technical specifications/contracts for outsourced services and administers contracts as it relates to the overall operation and maintenance of utilities.
4. Prepares and submits contracts and/or reports required by the State and regulatory agencies.
5. Records, analyzes, and maintains all energy consumption data for billing, energy studies, EPA reporting (Synthetic Minor Emissions Permit) and energy load estimations for infrastructure expansion recommendations.
6. Reviews all plans and specifications from architects/engineers on new construction and renovation of buildings and utility systems with special emphasis on plumbing, mechanical, electrical, and utility systems.
7. Communicates and participates with utility infrastructure and consulting engineers and construction managers for the proper design and installation of utilities.
8. Assists energy manager in developing and implementing energy strategies.

Supervisory Responsibility
Supervises others with full supervisory responsibility.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
