Auburn University Job Description

Job Title: Dir, Prog Mngt&Proj Execution
Job Code: NC70
FLSA status: Exempt

Job Summary
Directs, manages and oversees the progression and execution of all projects, plans and initiatives within the Facilities Division.

Essential Functions
1. Develops, directs and manages the University's project prioritization process which consists of obtaining project requirements from clients and prioritizing projects based on critical factors.
2. Directs the planning of all projects to be executed during the current fiscal year by allocating Deferred Maintenance funds to prioritized projects.
3. Evaluates and tracks projects through the phases of identification, requirement/scope development, estimating/budgeting, planning, design, procurement, and construction; establishes milestones for each phase to be measured against.
4. Develops and directs procedures for providing status updates and reports of the prioritization, planning and execution phases of all projects to clients, Facilities personnel and University leaders.
5. Leads improvement teams to identify and resolve any and all issues preventing successful project execution.
6. Collects, analyzes, develops and publishes project execution metrics and statistics.

Supervisory Responsibility
Supervises others with full supervisory responsibility.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
