Auburn University Job Description

Job Title: University Arborist

Essential Functions

Job Summary
Oversees the health and care of all trees on campus, maintains an inventory of all campus trees, and advises others on proper tree protection and ensures that all protection procedures are followed.

Essential Functions

1. Maintains and monitors the campus tree inventory, to include new plantings, existing trees, and updates on removal of trees, using multiple methods of tracking.
2. Develops planting and maintenance care plans to include pruning, trimming, feeding, spraying, and cabling trees in conformance with specific growth patterns and care requirements.
3. Ensures all annual requirements are met for Tree Campus USA Certification and submits application to the Arbor Day Foundation.
4. Implements an annual tree pruning maintenance program; supervises and performs tree pruning, which may include climbing or working from a lift.
5. Reviews plans and advises designers and engineers on tree protection needs for projects.
6. Consults with Project Managers to ensure contractors are adhering to tree protection guidelines.
7. Coordinates volunteers and groups outside the university for the National Arbor Day ceremony.
8. Submits information on the Auburn University Campus Forest for the University website.

Supervisory Responsibility

May be responsible for training, assisting or assigning tasks to others. May provide input to performance reviews of other employees.

The above essential functions are representative of major duties of positions in this job classification. Specific duties and responsibilities may vary based upon departmental needs. Other duties may be assigned similar to the above consistent with the knowledge, skills and abilities required for the job. Not all of the duties may be assigned to a position.
