Comments:

Students must complete a sequence in either History (Area IV) or Literature (Area II). It is recommended that this sequence be in World History or Western Civilization. While U.S. History will fulfill the sequence requirement, it will not fulfill Auburn SLO requirements potentially resulting in additional core courses being required.

Area II must include at least one Literature course, one Fine Art course, and an additional course. It is recommended that the additional course be an Ethics course (PHL 206 Ethics and Society or IDS 102 Ethics).

CHM 112 College Chemistry II, MTH 270 Probability & Statistics and PHY 218 Modern Physics are NOT required.

A programming language course is required. MATLAB is strongly recommended. CIS 231 FORTRAN Programming and CIS 251 C++ Programming are not required.
