Immediately following the approval of the resolution, President Pro Tempore Smith remarked that the property exchange with the United States Department of Agriculture accomplishes two priorities important to Auburn’s future. He explained that, first, it allows the University to reclaim more than six acres in a growing part of campus, and second, it clears the way for a new, state-of-the-art facility in Auburn Research Park that will advance agricultural science, technology, and practices across the southeast to the benefit of consumers and rural economies. President Pro Tempore Smith concluded his comments regarding the resolution by expressing deep gratitude to United States Senator Richard Shelby for his role in making all of this possible.

President Pro Tempore Smith then announced that after several months of board meetings occurring via telephone conference call in order not to unnecessarily endanger Board Members and Administrators by having in-person meetings during the COVID-19 pandemic, business items have accumulated which require face-to-face interaction. He explained that he asked Secretary Waggoner to assemble a plan for an in-person meeting for the upcoming November Workshop and Board Meeting which strictly adheres to CDC guidelines. President Pro Tempore Smith stated that, after careful consideration, the November 19th Workshop and November 20th Board Meeting will be held in-person at the Auburn University Hotel and Dixon Conference Center.

President Pro Tempore Smith thanked everyone for their attendance at the Special Called Meeting, and indicated that with there being no further items for review, the meeting was recessed at 11:10 a.m.

Respectfully Submitted,
