<b>Award Date</b> 07/20/2009	
<b>Award Description</b> The goal of this project is to construct a building for Advanced Science, Innovation and Commerce at Auburn University to house outstanding research clusters in the areas of quality standards and measurements, and marine and forecast sciences. This construction project will enable Auburn University to replace outdated research laboratories and provide a space for interdisciplinary and multidisciplinary research activities. The building is not designed to host any particular department but to specifically host the five research clusters of Ecosystem Health Forecast and Marine Aquaculture, Predictive Biology and Informatic Forecasting, Water Quality Standards and Detection, Biofuel Quality and Standards, and Detection, Food Quality and Safety. The building will be located in the

Auburn Research Park at the southern gateway to the Auburn University Campus.

**Project Information**

Project Name or Project/ Program Title	Advanced Science, Innovation and Commerce Building	Activity Codes (NAICS or NTEE-NPC) (up to 10)
Quarterly Activities/ Project Description	<p>The Design Architect (Perkins-Will) completed the Schematic Design phase in October which enabled the Construction Manager (Brasfield &amp; Gorrie) to assemble a construction budget from the current design. The Schematic Design package and budget were submitted to the Board of Trustees for the November 12, 2010 board meeting. Both the design and budget were approved by the University.</p> <p>The project team also had the opportunity to meet with the NIST Federal Program Officer as well as the Inspector Generals who will be directly involved with the project as it continues through design and during construction.</p> <p>The design team is currently working toward producing a 50% design development package in January. Perkins-Will has included consultants to help produce the package. They include Newcomb &amp; Boyd (MEP Engineer), LBYD</p>	<p><b>Activity Code 1</b> 236220  <b>Activity Code 2</b>  <b>Activity Code 3</b>  <b>Activity Code 4</b>  <b>Activity Code 5</b>  <b>Activity Code 6</b>  <b>Activity Code 7</b>  <b>Activity Code 8</b>  <b>Activity Code 9</b>  <b>Activity Code 10</b></p>

(Structural and Civil Engineer), and Williamson & Associates (Waterproofing Consultant). The project design team also continues to hold cluster group sessions in order to incorporate accurate information as it relates to the type of equipment the labs will use on a daily basis. Currently, the project team is still on target to produce 100% Construction Documents to the bid market in late August.
