Award Recipient Information

Recipient DUNS Number 066470972	Recipient Address 1 107 SAMFORD HALL
Recipient Account Number 219057	Recipient Address 2
Recipient Congressional District 02	Recipient City AUBURN
Parent DUNS Number 066470972	Recipient State AL
Recipient Type 2U.G6.M8.OH.VW	Recipient ZIP Code + 4 368490001
Recipient Legal Name AUBURN UNIVERSITY	Recipient Country USA
Recipient DBA Name	

Project / Award Information

Funding Agency Code 1448	Total Number of Sub Awards less than \$25,000/award 0
Awarding Agency Code 1448	Total Amount Sub Awards less than \$25,000/award 0.00
Program Source (TAS) Code 14-1610	Total Number of Sub Awards to 0 Individuals
Sub Account Number for Program Source	Total Amount of Sub Awards to 0.00 Individuals
CFDA Number 15.656	Total Number of Payments to 9 Vendors less than \$25,000/award
Amount of Award 80640.00	Total Amount of Payments to 9334.34 Vendors less than \$25,000/award
Award Date 04/07/2010	
Award Description The Red Hills salamander, listed as federally threatened in 1976, lives underground in burrows and because of this its basic biology is still very poorly known. This award will derive a burrow occupancy rate for the Red Hills Salamander at Haines Island Park in Alabama. This information will then be used at sites with known burrow density estimations to derive an estimate of Red Hills Salamander numbers.

Project Information

Project Name or Project/ Program Title	Activity Codes (NAICS or NTEE-NPC) (up to 10)
<p>Quarterly Activities/ Project Description</p> <p>Red Hills Salamander Burrow Occupancy at US Army Corps of Engineers Haines Island Park</p> <p>A location of representative Red Hills salamander habitat was selected at Haines Island Park. Burrows of the salamander were identified and marked with individually numbered small red flags. This will facilitate periodically locating the burrows as the study progresses. The identification, flagging, and numbering of the burrows by the TES employee required several weeks to complete. Physical data is being collected on each burrow and this data will be used for the presence/absence analysis. Survey work has been initiated in which each burrow is examined during each survey period. This it to be done at night when the salamanders sit at the mouth of their burrow. Information to be gathered is the sighting of a salamander in a burrow (presence) or lack of a salamander at a burrow (absence).</p> <p>Approximately 3 months of weekly survey data have been collected, but due to an unusually cold winter salamander activity has been suppressed and very little salamander presence data has been obtained. This condition is improving with the arrival of warmer weather.</p> <p>USACE properties on the west side of the Alabama River have been examined for the presence of the Red Hills salamander. Of the four properties in question two lack any habitat to support Red Hills salamanders, one has marginal</p>	<p>Activity Code 1 B43 - NTEE</p> <p>Activity Code 2 Z99</p> <p>Activity Code 3</p> <p>Activity Code 4</p> <p>Activity Code 5</p> <p>Activity Code 6</p> <p>Activity Code 7</p> <p>Activity Code 8</p> <p>Activity Code 9</p> <p>Activity Code 10</p>
