

2004-2005
A Project to Develop Instructional and Informational Library Materials in Digital Formats (Streaming Video, CD and DVD) for Distance Learners
Video Analysis to Enhance Clinical and Client Performance
Skill Analysis as a Teaching Tool
Development of an Intercollegiate Class Entitled Intelligence Acquisition, Analysis and Application
Developing E-Learning Materials for Use in Teaching Undergraduate Statistics (STAT 2610)
Utilizing Videotape Analysis as an Instructional Development and Evaluation Tool
Boys and Girls Club University Experience - The Q
Enhancing Self-Directed Learning Through Assessment of Professional Presentations
Enhancing Graduate Teaching Assistant Training
Promoting Problem-Based Historical Inquiry Through Video Case Studies
Textile Wall Studies: Building a Prototype
A Portable DVD-Based Teaching Tool for Gross Anatomy Instruction
2005-2006
Development of Cultural Competency through Cultural Expeditions in Nursing
Development of a Problem-Based Learning Model for Teaching Amplification
Enhancement of Professional Studio Practices: Professional Documentation of Artwork
Teaching Landscape Irrigation Design to Non-Engineering College Students
Improving Teaching in Physical Education Through the Use of Computer-Based Direct Observation Tools
Instructional Resource Materials for the New NUF5 4940 Professional Development in Hospitality Course
Alabama Dinosaurs: This Summer and Beyond
Enhancing Diabetes Awareness Through Simulated Case Experiences
A Window Into Corporate Scandal: Students as Real-Life Fraud Examiners
Development of Service Learning Project in Sustainability
Enhancing the teaching of equine anatomy through digital video productions of dissection
Digital Image Database of Equine Clinical Cases for the Enhancement of Teaching Veterinary Students

Interdisciplinary Teaching of Ecological Economics: Reconnecting Between Ecology and Economics
2006-2007
Enhancing the Teaching of Equine Anatomy through Digital Video Productions of Dissection Procedures
Auburn University Sustainability Curriculum Workshop
Pre-service Teachers' Experiences during implementation of a Sport Education Curriculum at a one-week Sports Camp for children with Visual Impairments
Using Video Case Modules to Explore Problem-based Historical Inquiry with Pre-service Teachers
Training Rehabilitation Counselors to Become Mentors-at-a-Distance
Assistive Educational Technology Applications in the Auburn Univ. Summer Outreach Computer Literacy Prog. For Children.
Equine Neurologic Dysfunction in Motion - creation of a CD for Enhancement of teaching vet. Students
Quilting Workshop for Mozell Benson
The Scholarship of Teaching Writing Collaborative
Development of a Course in Host-Microbe Interactions
Opportunities for Student Led Physical Activity Promotion Programs
2007-2008
Hazards Education: Teaching Hazards Courses
Annual Conference of the National Council for the Social Studies
Insider's Look at Washington Politics: A Public Policy Seminar for Professors
Horticulture Study Abroad Program in England
A Manual for Teaching Shop Drawings & Submittals
American Society for Microbiology Scholars in Residence Program
Funding for EduCause Institute Learning Technology Leadership Program
Development of Instructional Multimedia to Improve Practitioner-Client Interaction in a Curriculum-Based Health Assessment Outreach Program
Sustainability in the Curriculum Workshop: The Fall Line Project
Construction of a Case-Based Microscopic Image Database that Illustrates the Results of Diagnostic Tests for Diseases in Veterinary Species
Plastinated Specimens for Teaching Veterinary Gross Anatomy
Library Instruction Workshop

Teaching New Product Introduction: Propagation, Production, and Marketing of Nelumbo nucifera and Nelumbo lutea
Supplementing computer architecture instruction with comic strips
Student Teaching to Enhance Student Learning
Assistive Educational Technology Applications in the Auburn University Summer Outreach Computer Literacy Program for Children
English Composition II Curricular Training
Talking Walls
2008-2009
Computer Adaptive Placement Test Adoption and Application
Attend 'Market Week' in New York City with Dillard's Retail Buyers
Service Delivery in American Cities and Counties
Introduction to the MMPI-2-RF Workshop
6th National Nursing Education Congress
Creativity Workshop
Ending at the Beginning, Beginning at the End: Development of a Textbook for BSCI 1100 History and Introduction to Construction
Transcranial Magnetic Stimulation Certification Course
Improvement of Organic Chemistry Laboratory Courses 2071 and 2081
Supplemental Teaching Materials for the Equine Science Option in the Department of Animal Science
