### Bachelor of Electrical Engineering Computer Option

#### Course Selection

**Freshman**
- Familiarize yourself with engineering requirements and explore interest areas.
- Gateway courses: MATH1610/1620, PHYS1600/1610, ENGR1110/1100, COMP1210, Java

**Sophomore**
- Maintain a good GPA, seek academic support early and often.
- Discuss course plan with your departmental advisor and have PIN reset.
- Gateway courses: ELEC2210, ELEC2220 and COMP2710

**Junior**
- Discuss course plan and appropriate electives with your departmental advisor, have PIN reset.
- Gateway courses: ELEC3050 and ELEC4200

**Senior**
- Begin to synthesize materials and skills to complete senior design project.
- Meet with your departmental advisor to register for classes and have your PIN reset.
- Schedule a graduation check with an academic advisor in Engineering Student Services the semester before you graduate.

#### Ask for Assistance

- Meet with your pre-engineering academic advisor each semester to discuss class schedule, academic plan and have your PIN reset.
- Check out free ESS tutoring to get off to a strong start (eng.auburn.edu/current-students)
- Academic Support provides several free resources to improve performance including Study Partners, Supplemental Instruction and academic coaching.

#### Gain Experience

- Attend CO-OP orientation
- Attend Internship and Part Time Fair-Fall and/or Spring semester
- Visit the Engineering Career connections office to help build a resume, find out about internships and on campus recruiting activity.
- Participate in an internship or CO-OP, this adds valuable experience to your resume.
- Use Tiger Recruiting Link (TRL) to explore employers actively hiring in your field and search part-time jobs that can add experience to your resume (jobs.auburn.edu).

#### Get Involved

- Check out AU Involve (auburn.edu/auinvolve) to identify organizations of interest.
- Check out Electrical Engineering opportunities like IEEE (eng.auburn.edu/current-students).
- Volunteer for engineering and campus events such as E-Day and BEST robotics.
- Volunteer for engineering and campus events such as E-Day and BEST robotics.
- Pursue leadership roles in an Engineering and University wide organizations to gain experience and enhance your resume.
- If invited, consider joining Eta Kappa Nu, the International Honor Society for Electrical Engineers.
- Seek out opportunities to work with summer camps and/or bridge programs.
- Become involved with departmental alumni as a resource for job opportunities, internships and post-graduate work.

### Career Planning

**Auburn University Career Center**
303 Mary Martin Hall | auburn.edu/career

The program equips students to enter into fields concerning the design, production, and testing of computer hardware. Candidates will often enter into specialty areas such as computer system design, computer architecture, and information networks. Candidates will want to seek out opportunities to develop practical skills throughout their education.

#### ASIC Design Engineer
- Minimum Education: B.S./B.E.E.
- Entry Level Salary Range: $67.9K - $92.1K

#### Microprocessor Designer
- Minimum Education: B.S./B.E.E.
- Entry Level Salary Range: $73.9K - $100.8K

#### Data Communications Specialist
- Minimum Education: B.S./B.E.E.
- Entry Level Salary Range: $58.2K - $89.4K

These are just three options out of many that electrical engineering majors pursue. For more career options be sure to check out "What Can I Do With a Major In..." on auburn.edu/career.
