TOTAL HOURS 120

Students planning for medical, dental, or optometry schools should contact the Dean's Office. Long range schedules for COSAM courses are online at www.auburn.edu/cosam/students/registration/. Courses in **BOLD** will be used to calculate GPA in major. Options for courses labeled CORE are in the Auburn University Bulletin, under Core Curriculum. Students not prepared for MATH 1610 will meet with advisor to determine appropriate math course. The Chemistry 1030/1031 and 1040/1041 sequence can substitute for 1110/1111 and 1120/1121. See advisor for details.

- CHEM Electives are defined as any CHEM course 3000-level and above.

COSAM Science Majors Curriculum Sheet Option:

The following two course series is recommended as electives for those students seriously considering a career in teaching in secondary schools (grades 6-12) or junior colleges. These courses can be applied towards the alternative fifth year masters degree for becoming a licensed science teacher. Please contact the secondary science education program coordinator in the Department of Curriculum and Teaching for more information and permission to take these courses. Seating is limited each semester.
