

Step 1

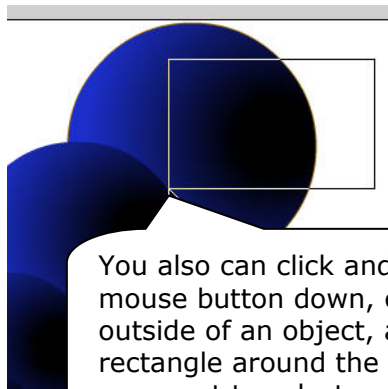

To the left of the main screen there will be a tool bar. Make sure the arrow tool is selected.

Step 2

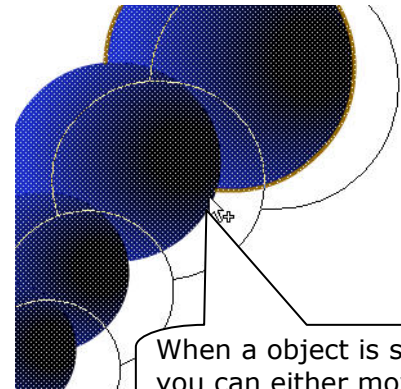

The arrow tool is used to select different objects. Do this by clicking on a specific object.

Step 3

You also can click and hold the mouse button down, on the outside of an object, and drag a rectangle around the objects you want to select

Step 4

When a object is selected, you can either move of edit it.
