

Step 1

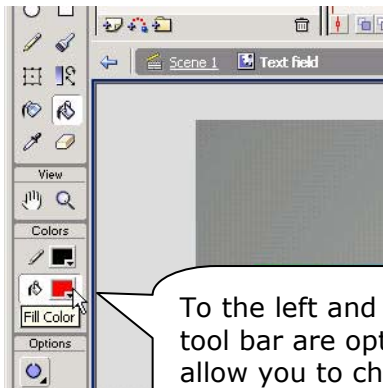

Find the tool bar on the left side of the screen. Make sure the [Paint Bucket/Fill tool] is selected.

Step 2

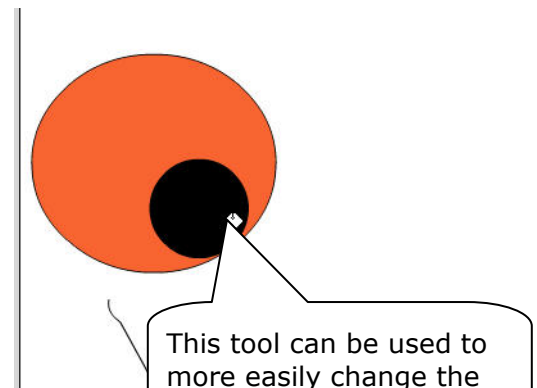

You use the Paint Bucket tool to fill in different areas. Just click the desired open area.

Step 3

To the left and under the tool bar are options that allow you to change the Fill Tools color.

Step 4

This tool can be used to more easily change the color of a particular area.
