

Brigitte Tate

“In 2012 Mrs. Brigitte Tate was diagnosed with Stage 1 Breast Cancer. Mrs. Tate is a wife, mother, grandmother, sister, aunt, friend, and a SURVIVOR. She is known to many as the “Diva”. Mrs. Tate is grateful that she serves an awesome God.

After hearing the devastating news in 2012 about having Breast Cancer it was something she couldn’t believe. She never thought that Breast Cancer would attack her. Mrs. Tate underwent 8 months of treatment and 33 days of radiation from May to September. Through this trial in her life she always spoke the word of God of herself that “She Shall Live and Not Die”

In August of 2013 when she returned to her Oncologist the doctor told her that ALL of her tests came back NEGATIVE. Immediately she gave God all the praise, glory, and honor. She stands today CANCER FREE. As she stood on the word of God through this test, she came out bigger and stronger than ever before. She gives hope to others who think they are not able to make it.

When people see her they see that God is able to do exceedingly and abundantly above all we could ask or think. She constantly gave God glory because he saw it fit for her to conquer the Breast Cancer as a soldier. This was only a minor setback in her life for a major comeback. God pulled her through and she stands today a survivor and a living testimony that our God is the HEALER because of her faith.

Mrs. Tate thanks God, her husband, family, and friends for always being there for her throughout this trial. She also thanks her wonderful pastor, Bishop Ann Hardman, for speaking words of faith and constantly praying with her because those prayers have manifested into the natural. I want to take the time to salute and honor Mrs. Brigitte Tate on being a warrior and coming out victorious after fighting Breast Cancer.”
