

*Uniontown will be a model city,
with economic growth and abundant jobs,
a strong city government, a healthy tax base,
excellent schools, with a strong vocational
education program and a low drop-out rate,
a low crime rate with no drugs, racial harmony,
a clean environment, adequate and abundant
housing, recreational opportunities for all ages,
emergency medical services, an active commercial
center, with additional banking, drug stores,
grocery stores, and a 24-hour service station,
a senior citizen home, and expanded city limits.*

Uniontown 2020 Strategic Plan
