**CREATIVE ARTS AND PERSONAL ENRICHMENT**

### Basic Drawing and Painting for Adults
The foundation of a good painting is a good drawing. In this adventurous, one-day workshop, Brenda combines the best of her drawing and painting classes into a simultaneous study of both. If you have taken at least one Drawing Crash Course and a Watercolor Crash Course, this workshop will provide an excellent way to advance your skill level. You will receive plenty of guidance in the form of drawing and painting demonstrations as Brenda leads you through her process for developing paintings. You will compose a scene and create your own original watercolor painting. Your landscape will include cloud filled skies, country outbuildings and believable trees. You will strengthen your drawing and painting skills and take home a finished work of art.

### Jam Making 101
Learn how to preserve fresh fruits through the process of jam making. This course teaches you the difference between jam and preserves, provide techniques on how to make both, as well as offer tips on how to individualize your jam to create your own signature taste. The class is held in a kitchen environment with ample fruits that are ripe for preservation. Material costs are included in the registration fee. You will learn about the necessary equipment and safety techniques used when making jam, as well as the required and optional ingredients. Because the preservation process involves boiling, cooking temperatures and very hot glass, it is necessary to learn about safety and sanitation. Sanitization is a significant component of our lesson, as many jams/preserves will turn bad and harbor bacteria if they are not properly prepared. However, upon completing this course, you’ll understand how to make several varieties of preserved fruits that will last throughout the season. Each student will get to take home a sampling of each jam/preserve made during class.

### Social Media Marketing Strategy for Small Businesses
Social media is absolutely essential for marketing exposure, brand awareness and revenue growth. These channels often present easy, inexpensive, effective and near instantaneous mechanisms to spread the word about your small business. Unlike traditional marketing, social media requires a different and varied approach. Our session covers the fundamentals as well as how to leverage these outlets to accomplish your strategic goals. Key elements include audience building, content development, brand promotion, website traffic management and customer engagement. The course will focus primarily on the three most popular social networking websites: Facebook, LinkedIn, Twitter.
