Dear Friend:

We are pleased to share that the 2nd Annual REAL Cents REAL Change℠ Residential Summer Camp will take place from June 15th-20th, 2014 at Auburn University. Through this summer camp experience, we seek to enable and empower teens (ages 13-18) through education, leadership, and philanthropy. This week-long residential summer camp is a joint venture between the Auburn University College of Human Sciences’ Cary Center for the Advancement of Philanthropy and Nonprofit Studies and the Office of Professional and Continuing Education. Participants will experience campus life while residing in Auburn’s resident dormitories, eating at university dining facilities, enjoying evening social and recreational activities. Each camp session is staffed with 24/7 counselor supervision. This is an ideal introduction for teens to explore the higher education environment and enlighten the planning process of their future goals.

This learning series will assist teens in achieving a greater understanding of their individual financial and philanthropic responsibility. Teens will gain knowledge about personal finances, wealth stewardship, and philanthropy; strengthen self-awareness, creativity, and time management skills; develop and understand basic financial management skills such as budgeting, debt avoidance, financial planning, and savings; create and develop a philanthropic plan which utilizes one’s resources of time, talent, treasure, and trust; and understand the crucial nature of creating a sustainable environment for themselves and future generations. Please see the enclosed information and this web site for additional details: www.auburn.edu/realcentsrealchange. In addition, we are happy to answer any of your questions about this year’s REAL Cents REAL Change℠ Residential Summer Camp.

We look forward to seeing you in June!

Sincerely,

Sidney James Nakhjavan
