

Auburn University WORLD AFFAIRS Youth Seminar

WORLD AFFAIRS YOUTH SEMINAR 2009 SCHOLARSHIP FORM

For Rotary Club Sponsorship

To be completed by Rotary Clubs wishing to sponsor a student/students for the AU World Affairs Youth Seminar July 19-24, 2009.

World Affairs is an intensive, one-week program conducted on the Auburn University campus. Most past participants have received full scholarships to attend from their local Rotary Clubs. This year we invite you to support this effort by sponsoring World Affairs Youth Scholarships for \$549 apiece. Each scholarship will provide a well-qualified student with instruction, housing, meals, and recreational activities for the entire week.

If your club has a qualified student from your local area who would like to attend, you may designate that your club's scholarship is to be used for the student listed below. If not, Auburn University will seek qualified recipients and advise you of the student selected. Whether you designate the student or you sponsor some other applicant, you will be helping the youth of today be better prepared to promote peace for tomorrow! It is all in the best spirit of the Rotary International purpose!

Thank you!
