20. I did some thinking for myself about power industry issues. a----b----c----d----e
21. I did some thinking for myself about managerial issues. a----b----c----d----e
22. I learned from other colleagues during the session. a----b----c----d----e
23. I found connection between power industry concepts and the case study. a----b----c----d----e
24. I found connection between managerial concepts and the case study. a----b----c----d----e
25. I identified various alternatives to the problem. a----b----c----d----e
26. My decision-making skills improved. a----b----c----d----e
27. My problem-solving skills improved. a----b----c----d----e
28. It was easy to locate data on the power industry industry, even if I had not used that data before. a----b----c----d----e
29. On the reports or systems I dealt with, the exact meanings of components were either obvious, or were easy to find out. a----b----c----d----e
30. On the reports or systems I dealt with, the exact meaning of criteria for decision making were either obvious, or were easy to find out. a----b----c----d----e
31. The materials provided in the case study helped me complete my tasks within the given time. a----b----c----d----e
32. The manner in which the materials were presented in the case study helped me complete my tasks within the given time. a----b----c----d----e
33. It was easy to learn how to use the case study. a----b----c----d----e
34. The case study was convenient and easy to use a----b----c----d----e
35. There was not enough training for me or my group on how to find, understand, access or use the case study. a----b----c----d----e
36. I got the training I needed to be able to work on the case study effectively. a----b----c----d----e
CRIST Case Study Evaluation II

Please evaluate the following statements by inserting the items in the underlined space. For example, item 37 reads, "I did not get data on Power industry that was current enough to meet my needs."

Using the scale below, indicate the extent of your agreement/disagreement with each of the following items by circling a to e.

\[
a\ldots b\ldots c\ldots d\ldots e \\
\text{Strongly Disagree} \quad \text{Disagree} \quad \text{Neither Agree nor Disagree} \quad \text{Agree} \quad \text{Strongly Agree}
\]

I did not get data on ________________ that was current enough to meet my needs.

37. Power industry
   a----b----c----d----e
38. Maintenance technologies
   a----b----c----d----e
39. Impact of deregulation
   a----b----c----d----e
40. Rotor
   a----b----c----d----e
41. Stator
   a----b----c----d----e
42. Turbine-generator set
   a----b----c----d----e

The case study provided data on______________ at an appropriate level of detail for my group's tasks.

43. Power industry
   a----b----c----d----e
44. Maintenance technologies
   a----b----c----d----e
45. Impact of deregulation
   a----b----c----d----e
46. Rotor
   a----b----c----d----e
47. Stator
   a----b----c----d----e
48. Turbine-generator set
   a----b----c----d----e

It was easy to find out information about the ________________ in the case study

49. Power industry
   a----b----c----d----e
50. Maintenance technologies
   a----b----c----d----e
51. Impact of deregulation
   a----b----c----d----e
52. Rotor
   a----b----c----d----e
53. Stator
   a----b----c----d----e
54. Turbine-generator set
   a----b----c----d----e
Please evaluate the following statements by inserting the items in the underlined space. For example, item 55 reads, "The exact definition of data on Power industry was easy to find out."

Using the scale below, indicate the extent of your agreement/disagreement with each of the following items by circling a to e.

<table>
<thead>
<tr>
<th>Strongly Disagree</th>
<th>Disagree</th>
<th>Neither Agree nor Disagree</th>
<th>Agree</th>
<th>Strongly Agree</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

The exact definition of data on ____________________ was available.

55. Power industry
56. Maintenance technologies
57. Impact of deregulation
58. Rotor
59. Stator
60. Turbine-generator set

The data on ____________________ provided to me was pretty much what I needed to carry out my tasks.

61. Power industry
62. Maintenance technologies
63. Impact of deregulation
64. Rotor
65. Stator
66. Turbine-generator set

**Individual Questions:**

67. Please select one of the following for your cumulative/overall GPA
   (a) GPA 2.0 to 2.5   (b) GPA 2.51 to 3.0
   (c) GPA 3.01 to 3.5 (d) GPA 3.51 to 4.0

68. Please specify your program/college of study
   (a) Engineering   (b) Business    (c) Liberal Arts  (d) Other

69. Please select one of the following for your years of experience in your program/field of study
   (a) less than 1 year (b) 1 to 2 years
   (c) 2 to 3 years     (d) more than 3 years

70. Please specify your gender
   (a) Female    (b) Male

71. Please specify your race
   (a) Caucasian   (b) African American   (c) Hispanic  (d) Asian  (e) Other

72. Please specify your status in your program of study
   (a) Freshman (b) Sophomore  (c) Junior  (d) Senior (e) Graduate
Case Study Assessment:
What were the strengths of the CRIST case study?

What were the weaknesses of the CRIST case study

Suggestions for improvement of this case study.
