

Joseph Cortopassi

Ballot Position #3 Junior, Chemistry

Qualifications:

- SGA Assistant Vice President of Auxiliary Services
- SGA Senator, At-Large: Student Interest Committee
- University Dining Strategy Council
- University Campus Health and Wellness Committee
- University Traffic and Parking Board

Auburn Family,

There are many different roles and responsibilities of the SGA President, but I believe the true duties of the job are found in the ideals of the everyday Auburn student. As your peer, I look to represent you and this institution in a way that embodies the Auburn Creed we all strive to uphold. Servant leadership defines the position of SGA President.

My passion for this university coupled with my ability to build relationships between the student body and administration gives me the ability to be **more than your average SGA President.**

Auburn Students need more than your Average Academics and Advising...

- Construct on-line registration programs, such as *Degree Works*, which provide a more transparent process during class registration periods.
 - These programs will allow students to create “what if” scenarios that interactively show how to best adjust curriculums in the major and/or minor degree programs he or she is pursuing.
- Establish a “dead week policy” that would keep professors from scheduling tests and other assignments worth 15% or more of your final grade the week before finals.

Auburn Students need more than your Average Parking...

- Install electronic counting systems in current parking lots which update with availability, letting you know there is a spot waiting on you.
- Fight for students to have parking spots in the newly constructed parking decks, rather than filling them with only faculty and staff.

Auburn Students need more than your Average Legal Services...

- Establish a reliable Student Legal Service, known as “**Auburn Advice**”, that allows students to access a qualified attorney for legal advice on a variety of matters such as,

but not limited to, leasing issues, traffic tickets, consumer problems, and criminal charges.

Auburn Students need more than your Average Dining...

- Create dining halls that offer all-you-can-eat venues which provide a variety of quality and healthy choices.
- Bring a Farmer's Market to the Green Space to provide locally grown produce.
- Challenge administration to hold Tiger Dining accountable to pricing terms to ensure lower meal costs.

Auburn Students need more than your Average Transportation...

- Work with Transportation and Public Safety to create more efficient routes for "Toomer's Ten" and shorten wait times for the Night Security Shuttles.
- Provide digital signage at the central hub of "Toomer's Ten" that would allow students to see transit locations and wait times.
- Designate drop-off zones to provide better locations for students to be dropped off near the core campus.

Auburn Students need more than your Average Mobile App...

- Further develop our Mobile App to allow easier access and real time availability of parking, transits routes, dining services and course curriculums.

These experiences and qualifications garnered over the years have prepared me to best serve this Student Body as your SGA President. You are more than an average student. Because of this, I promise to not only work for you, but work with you in making this campus **more than the average university**.

Not Your Average Joe.
